BETHEL BUILD PROGRAM

Bethel is a place where we challenge each other and support each other. Where we are committed to spreading Christ's love and serving the people around us. Where we work side-by-side with professors and other students to learn in the classroom and beyond. Where we have a lot of fun and make friends and memories to last a lifetime.

The BUILD program (<https://www.bethel.edu/academics/build/>) at Bethel University provides a supportive and comprehensive educational experience for individuals with intellectual disabilities. Students in the BUILD program live and learn alongside students in the College of Arts & Sciences (CAS) (<https://www.bethel.edu/undergrad/>), experiencing dynamic and engaging instruction in classes with their BUILD cohort and in classes with students without disabilities. Bethel takes a whole-person approach to education—encouraging each person to achieve academic goals, grow deeper in faith, and engage in a lively community, all with Christ at the center. Students benefit from a career-oriented curriculum, meaningful internships, and on-campus living in a supportive Christian environment.

BUILD Program Philosophy of Higher Education

Bethel University is a Christian learning community committed to pursue and practice what is true; to excel in its educational programs; to collaborate as partners in learning; to integrate Christian faith into every area of life; and to nurture every person toward Christian maturity in scholarship, leadership, and service.

As a Christian learning community, we honor God by the way we work together at our calling. We rejoice in discovering the character and glory of our Creator as we explore His creation. As people who bear God's image, we pursue the truth of His revelation. That revelation comes to us in the person of Christ, the wonder and beauty of creation, and the Spirit-directed words of the Bible. But it is not enough to know truth. We are called to live with hope, faith, love, mercy, humility, and justice, which puts truth into practice. We believe that Christian faith is relevant to every area of life, the integrative principle for the entire curriculum, and a foundational area of study for all learners.

Our commitment to learning leads us to pursue breadth and depth of insight, education in and beyond the classroom, and opportunities on and beyond the campus. In bearing His image, in pursuing and living the truth, we strive for excellence because God's name and character are excellent.

The nature of community reminds us that we are not alone. We are likely to achieve more together than we could in isolation. We acknowledge only one true Master, and as we strive together to bring all of life under His lordship, we respect each other as partners and friends in learning. Thus, learning becomes an act of worship, and community worship becomes part of learning. As members of this community, we join to spur each other on toward Christian maturity.

For more than 30 years, the College of Adult & Professional Studies (CAPS) has helped adults beginning or returning to school to earn their bachelor's or associate's degree. Bethel's academic programs are accessible and supportive for busy students and grounded in ethics and personal development. We offer associate and bachelor's degree-completion programs taught from a Christian worldview in the areas of business and leadership, healthcare and human services, Christian ministries, and special education, along with three certificate programs in addiction studies, alcohol and drug counseling, and senior care leadership. Nearly 500 students are enrolled in the Twin Cities or online.

Bethel Seminary

Founded in 1871, Bethel Seminary is among the 20 largest accredited seminaries in the U.S., with students pursuing coursework on campus in St. Paul, Minnesota, and in robust online degree programs. The Graduate School provides rigorous graduate education in a supportive Christian environment. Our adult students come from many backgrounds, experience levels, and career fields with the common goal of developing as whole professionals. Specialties include relevant degree programs in business and leadership, health and human services, and education. The school offers nine master's programs, two doctoral programs in educational leadership, and several certificates and licensures. Courses are taught by experienced full-time faculty or working professionals, whose recent experience focuses on principles that students can apply directly to their careers, and class schedules are convenient for working adults.

Center for Access and Integration

The Center for Access and Integration includes Bethel's BUILD program. The BUILD program, an integrated two-year postsecondary residential program for students with intellectual disabilities, provides opportunities for inclusive academic, vocational, residential, spiritual, and social learning experiences. Students who complete the requirements of the BUILD program, including a selected career pathway in Arts and Communication, Business, or Human Services, earn a Certificate in Applied Studies. The program incorporates the skills and education necessary to live more independently, maintain meaningful employment, and value lifelong learning. Students in the BUILD program contribute their own diverse experiences and strengths to the Bethel community.

The Family Educational Rights and Privacy Act (FERPA)

PURPOSE AND APPLICABILITY

The Family Educational Rights and Privacy Act of 1974 (FERPA), as amended, (“The Act”) is a federal law enacted to establish procedures for disclosing information contained in student records and to protect the privacy of these records.

The Act applies to currently enrolled students, when the student attends class for the first time, and former students. FERPA rights continues while the student or former student is living.

The Act does not apply to individuals who have applied for admission but never attended Bethel University or applicants for admission who are denied enrollment.

Information obtained on a former student subsequent to graduation or termination of enrollment is not covered under The Act (e.g., data accumulated on alumni).

All rights under The Act cease when a person dies; Bethel will decide on a case by case basis what records of deceased students can be released and to whom they will be released.

DEFINITIONS

Eligible Student: A student who has reached 18 years of age or is attending an institution of postsecondary education.

School Official:

- A person employed by Bethel University in an administrative, supervisory, academic or research, or support staff position including security and safety personnel and health services staff.

- A person serving on the Board of Trustees.
- A student serving in an official committee or assisting another University official in performing his or her tasks.

Education Records: Records that directly relate to a student and are maintained by an educational institution.

Education records may include:

- class lists;

- correspondence; and
- data in an electronic database.

Education records do NOT include:

- records about students made by instructors, professors, and administrators for their own use and not shown to others (sole possession records);
- Office of Security and Safety records maintained solely for law enforcement purposes and kept separate from the education records described above;

- employment records, except where a currently enrolled student is employed as a result of his or her status as a student;
- records of a physician, psychologist, or other recognized professional made or used only for treatment purposes and available only to persons providing treatment (while not education records, these records are subject to FERPA);
- records that contain only information relating to a person's activities after that person is no longer a student at the University;
- financial information submitted by parents(s)/guardian(s);
- directory information not restricted by the student; and
- confidential letters and recommendations placed in the student's record if the student has waived in writing his or her right to inspect those letters and recommendations. Students may revoke such a waiver at a later time, but the revocation must be in writing and is only effective with respect to actions occurring after the revocation.
- Grades on peer-reviewed papers/assignments before they are collected and recorded by the teacher.

Personally Identifiable Information: All information that is directly related to a student. This information includes both "directory information" and "non-directory information."

Directory Information: Information contained in a record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. At Bethel University, directory information includes:

- student's name;
- address;
- telephone listing;
- electronic mail address;
- photograph or digital image;
- date and place of birth;
- major field of study;
- grade level (freshman, sophomore, etc.);
- enrollment status (e.g.; undergraduate or graduate; full time or part time);

Non-Directory Information: Any personally identifiable student information that is not directory information. At Bethel University, non-directory information includes, but is not limited to, a student's Social Security number or student identification (ID) number.

Legitimate Educational Interest: A school official's need to review an education record in order to fulfill his or her professional responsibility. A school official has legitimate educational interest if the official needs to review an educational record in order to fulfill his or her professional responsibilities to Bethel University.

STUDENT RIGHTS

Currently enrolled and former students have the right to:

- inspect and review information contained in education records within 45 days after Bethel receives a request for access;
- request the amendment of the student's education records that a student believes is inaccurate, misleading, or otherwise in violation of the student's privacy or other rights;
- consent to disclosure, subject to certain exceptions specified in The Act, of personally identifiable information from education records; and
- file a complaint with the Department of Education concerning an alleged failure by Bethel to comply with The Act.

Procedure for Inspecting Records

Students must request permission in writing to inspect their records and must present that request to the Registrar's Office, who will coordinate the inspection of records.

- The records will be made available to the student for inspection not more than 45 days following the receipt of the request.
- A Bethel employee must be present while the student inspects his or her records.
- Students may request copies of available records when failure to provide a copy of the record would effectively prevent the student from inspecting and reviewing the record. Students may be required to pay a per copy fee. A copy may be refused, but only if, in doing so, the institution does not limit the student's right to inspect and review that record.

A student may inspect records of disclosure, which will be kept by the office in which the record is maintained unless such inspection is prohibited under the terms of a court order or lawfully issued subpoena.

Procedure for Requesting the Amendment of Records

With the exception of grades or disciplinary actions, if a student believes that information in his or her record is inaccurate, misleading, or otherwise in violation of his or her privacy rights, he or she may request that a change in the record be made.

- Such a request must be in writing, clearly identify the part of the record the student wants changed, and submit the request to the appropriate University official in whose office the record in question is located.
- If Bethel decides not to amend the record as requested, Bethel will notify the student in writing that he or she may make a written request to that official for a hearing to contest the record.
- A hearing will be conducted within 30 days of the written request (or as soon thereafter as is practical) with the student having an opportunity to present all relevant evidence. The hearing panel will consist of the University official in charge of the record in question and two other officials selected by the official in charge.
- The student will be notified within two weeks of the hearing (or as soon thereafter as is practical) as to the decision of the official or hearing panel. The decision of the hearing panel is final.
- If the student disagrees with the action taken by the hearing panel, he or she may place a statement in his or her educational record giving the reasons for disagreeing with the decision.

NOTE: An appeal of grades or disciplinary action should follow the processes outlined in the Student Life Policies and Procedures (<https://betheluniversity.atlassian.net/wiki/spaces/stulife/pages/50823723/Student+Life+Policies+and+Procedures/>) and/or academic catalog.

Procedure to Request Withholding of Directory Information

- In the fall semester, students will be notified about the opportunity to request that Directory Information be withheld.
- Students may request to withhold disclosure of Directory Information by completing a form online or in the Registrar's Office.
- Bethel will continue to honor a student's last request with regard to the disclosure or non-disclosure of Directory Information made while the student was in attendance at Bethel. Bethel cannot assume the responsibility to contact the student for subsequent permission to release Directory Information. Regardless of the effect upon the student, Bethel assumes no liability for honoring an instruction to restrict/withhold Directory Information.
- A student who is no longer enrolled cannot request that Directory Information be withheld. A student who is no longer enrolled can rescind their request to withhold Directory Information.

PARENT RIGHTS

The Act generally does not guarantee any rights to parents or guardians of students who are attending post-secondary institutions.

However, at Bethel's discretion, The Act does allow Bethel to provide parents with access to their student's educational records provided the parents claim the student as a dependent on their federal income tax return. If a student is claimed as a dependent for federal income tax purposes by either parent (regardless of the parents' current marital status), then, at Bethel's discretion, Bethel may disclose information in the student's education records without the student's consent.

As a matter of general practice, Bethel does not release student education records to parents of dependent students without the student's written authorization. Bethel does provide all students with the ability to give parents and other third parties online proxy access to their education records.

DISCLOSURE OF EDUCATION RECORDS

Conditions Under Which Directory Information May Be Released

Directory Information may be released at the discretion of University officials without the written permission of the student, unless the student has requested that directory information be withheld. If the student has requested that directory information be withheld, the information will not be released without their written consent.

Conditions Under Which Directory and Non-Directory Information May Be Released

Directory and Non-Directory Information may be released without the written consent of the student to:

- Authorized representatives of the Comptroller General of the United States.
- The Attorney General of the United States.
- The Secretary of Education.
- State or local educational authorities, for audit and evaluation of federal- and state-supported education programs, or for the enforcement of or compliance with federal legal requirements that related to those programs.
- Bethel University personnel or other school officials who have a legitimate educational interest in the records. This category includes a person or organization retained to be an agent for, or under contract with, Bethel University, such as financial auditors, attorneys, or National Student Clearinghouse. It also includes personnel from other institutions with whom Bethel University has made consortium arrangements. Disclosure to a school official having a legitimate educational interest does not constitute institutional authorization to transmit, share, or disclose any or all information received to a third party.
- Officials of another school in which the student seeks to enroll.
- Persons or organizations involving financial aid in order to determine the student's eligibility for financial aid; to determine the amount of financial aid; to determine conditions to be imposed regarding financial aid; and to enforce conditions of financial aid.
- State and local officials as allowed by state statutes concerning the juvenile justice system.
- Organizations that are conducting studies to develop, validate, and administer predictive tests; administer student aid programs; and improve instruction. Those organizations cannot redisclose personally identifiable information of students.
- Accrediting agencies carrying out their accrediting functions.
- Parents of dependent students (that is, students who are claimed as dependents on their parents'/ guardians' most recent federal tax return). However, as a matter of general practice, Bethel does not release student education records to parents of dependent students without the student's written authorization. Instead, Bethel provides all students with the ability to give parents and other third parties online proxy access to their education records.
- To comply with a judicial order or lawfully issued subpoena. The University will notify the student when such a request occurs without the student's knowledge unless prohibited by law.
- Appropriate persons in a health or safety emergency. If Bethel determines that there is an articulable and significant threat to the health or safety of a student or other individuals, it may disclose information from educational records to any person whose knowledge of the information

is necessary to protect the health or safety of the student or others, provided that Bethel will only exercise this authority for the duration of the emergency.

The University can release information related to a student contained in law enforcement records so long as such records are created by a law enforcement unit, created for a law enforcement purpose, and maintained by a law enforcement unit in a manner that segregates them from records maintained by other components of the University.

Conditions Under Which Education Records Will Not Be Released

Copies will not be provided of education records (e.g., transcripts) that were issued by other educational institutions unless authorized by the Registrar.

Bethel University Commitments

Mission

Boldly informed and motivated by the Christian faith, Bethel University educates and energizes men and women for excellence in leadership, scholarship, and service. We prepare graduates to serve in strategic capacities to renew minds, live out biblical truth, transform culture, and advance the gospel.

Vision

Bethel will be the Christ-centered university of choice for this century.

Rooted in faith. Committed to excellence. Bethel will become the leader in Christian higher education by building stronger communities, equipping confident leaders and gracious servants, and preparing passionate world-changers. Through our thoughts, words, and actions, we'll demonstrate what it means for a university to be centered on Jesus Christ.

Values

We are Christ-followers—orthodox, conversionist, and evangelical; rooted in the authority of Scripture.

We are character-builders—concerned with personal and spiritual formation and therefore committed to the development of whole and holy persons.

We are truth-seekers—recognizing that all truth has its source in God as revealed in creation and Scripture, and personified in Christ.

We are learners—committed to academic excellence within a community characterized by teaching, scholarship, and service.

We are reconcilers—honoring the worth and dignity of people from all races and purposely seeking to create a community that reflects the diversity of the body of Christ.

We are salt and light—relating to the world and society in culturally relevant ways while being informed by our pietistic denominational heritage and characterized by an irenic spirit.

We are world-changers—driven to prepare graduates who will shape and change the world through exemplary leadership in the church and throughout society.

An Affirmation of Our Faith

1. **The Word of God.** We believe that the Bible is the Word of God, fully inspired and without error in the original manuscripts, written under the inspiration of the Holy Spirit, and that it has supreme authority in all matters of faith and conduct.
2. **The Trinity.** We believe that there is one living and true God, eternally existing in three persons, that these are equal in every divine perfection, and that they execute distinct but harmonious offices in the work of creation, providence, and redemption.
3. **God the Father.** We believe in God the Father, an infinite, personal spirit, perfect in holiness, wisdom, power, and love. We believe that He concerns Himself mercifully in the affairs of each person, that He hears and answers prayer, and that He saves from sin and death all who come to Him through Jesus Christ.
4. **Jesus Christ.** We believe in Jesus Christ, God's only begotten Son, conceived by the Holy Spirit. We believe in His virgin birth, sinless life, miracles, and teachings. We believe in His substitutionary atoning death, bodily resurrection, ascension into heaven, perpetual intercession for His people, and personal visible return to earth.
5. **The Holy Spirit.** We believe in the Holy Spirit who came forth from the Father and Son to convict the world of sin, righteousness, and judgment, and to regenerate, sanctify, and empower all who believe in Jesus Christ. We believe that the Holy Spirit indwells every believer in Christ, and that He is an abiding helper, teacher, and guide.
6. **Regeneration.** We believe that all people are sinners by nature and by choice and are, therefore, under condemnation. We believe that those who repent of their sins and trust in Jesus Christ as Savior are regenerated by the Holy Spirit.
7. **The Church.** We believe in the universal church, a living spiritual body of which Christ is the head and all regenerated persons are members. We believe in the local church, consisting of a company of believers in Jesus Christ, baptized on a credible profession of faith, and associated for worship, work, and fellowship. We believe that God has laid upon the members of the local church the primary task of giving the gospel of Jesus Christ to a lost world.
8. **Christian Conduct.** We believe that Christians should live for the glory of God and the well-being of others; that their conduct should be blameless before the world; that they should be faithful stewards of their possessions; and that they should seek to realize for themselves and others the full stature of maturity in Christ.
9. **The Ordinances.** We believe that the Lord Jesus Christ has committed two ordinances to the local church: baptism and the Lord's Supper. We believe that Christian baptism is the immersion of a believer in water into the name of the triune God. We believe that the Lord's Supper was instituted by Christ for commemoration of His death. We believe that these two ordinances should be observed and administered until the return of the Lord Jesus Christ.
10. **Religious Liberty.** We believe that every human being has direct relations with God, and is responsible to God alone in all matters of faith; that each church is independent and must be free from interference by any ecclesiastical or political authority; that therefore church and State must be kept separate as having different functions, each fulfilling its duties free from dictation or patronage of the other.
11. **Church Cooperation.** We believe that local churches can best promote the cause of Jesus Christ by cooperating with one another in a denominational organization. Such an organization, whether a regional or district conference, exists and functions by the will of the churches. Cooperation in a conference is voluntary and may be terminated at any time. Churches may likewise cooperate with interdenominational fellowships on a voluntary, independent basis.
12. **The Last Things.** We believe in the personal and visible return of the Lord Jesus Christ to earth and the establishment of His kingdom. We believe in the resurrection of the body, the final judgment, the eternal felicity of the righteous, and the endless suffering of the wicked.

Becoming Whole and Holy Persons: A Covenant for Life Together at Bethel

Introduction

Bethel University is an educational community committed to integrating evangelical Christian faith with learning and life. As people created in the image of the covenant-making God, we covenant together to discover the mind of Christ and to become like Christ. We pursue this mission as people called by Jesus to live holy lives according to the values, expectations, and goals of the kingdom of God. A crucial part of our mission is to develop whole and holy persons who will go into the world to serve others.

To be whole and holy means to be dedicated to God with purity of thought and action. It means that we are to serve God using the gifts and abilities we have been given. Our community has a special calling to discover, teach, learn, and live what is true. We strive to understand the world in light of the life, death, and resurrection of Christ. This gives us a distinctive worldview, educational mission, and calling.

Our calling includes a commitment to nurture one another. We strive to elevate kingdom values over personal agendas. We attempt to measure every decision and priority in terms of our loving submission to the lordship of Christ and our commitment to one another. Christ's power within us and a clear sense of our calling give us a joyful freedom to do God's will.

Jesus taught us that right motives and loving relationships are at the core of whole and holy living. His two greatest commands are to love God with all of our hearts, souls, and minds and to love our neighbors as ourselves.¹ These commands connect serving God with serving others. In grace, Scripture also gives us specific rules to guide us in living. Jesus taught that keeping these rules is an expression of love for God.² The Bible condemns legalistic rule-keeping. It emphasizes loving relationships and pure motives in living out these rules.³

Living a Biblical Lifestyle

The Bible frequently speaks about a holy lifestyle. Such passages are found throughout the Old and New Testaments.⁴ *The Bible describes character qualities and actions that should be present in the lives of believers.* These include prayer, kindness, humility, compassion, forgiveness, hospitality, personal integrity, generosity to the poor, care for the oppressed, study of God's Word, accountability to one another, sharing our faith with others, recognition of the rights of others, commitment to justice, regular gathering for worship, and living in harmony.

The Bible also identifies character qualities and actions that should not be present in the lives of believers. For example: destructive anger, malice, rage, sexual immorality, impurity, adultery, evil desires, greed, idolatry, slander, profanity, lying, homosexual behavior, drunkenness, thievery, and dishonesty.⁵

Special Expectations for the Bethel Community

Because of Bethel's commitment to Christ, our unique calling as an educational community, and our understanding of what it means to live in today's world, we want to state clearly some of Bethel's rules and expectations. These are based on:

- our understanding of the Bible and its authority for our faith and life;
- our desire to promote wellness and health in all areas: social, emotional, mental, physical, and spiritual;
- our theological and cultural heritage;
- our understanding of our mission and calling.

We recognize that not all devout Christians share these rules and expectations. However, certain issues are important for our educational mission and our life together at Bethel. They are designed to facilitate our growth, development, and learning as a community.

We view learning and the pursuit of truth as a special calling.

- We commit ourselves to integrity, excellence, consideration of different points of view, and collegiality in all of our academic work.
- We will not tolerate plagiarism and other forms of academic dishonesty.⁶

We believe that life is sacred and people have worth because they are created in God's image.⁷

- We will value human life in all its diversity and fullness, recognizing that women and men of all races, ages, and ability levels reflect the creative genius of our Maker.
- We view racism and sexism as sinful and reflective of some of the most harmful aspects of our culture. We will abstain from discrimination based on race, ethnicity, gender, age, and disability. We will also abstain from gossip, deliberate divisiveness, and malicious humor.

We believe that our relationships should reflect our connection in the body of Christ.⁸

- We affirm mutual respect and promise keeping in relationships among students, colleagues, teachers and learners, spouses, and friends.
- We grieve the hurt and destructiveness of broken relationships, especially those involving divorce and abuse. We will strive to be a community where healing occurs.

We believe our minds and bodies should be used in God-honoring ways.⁹

- We will promote the health of our bodies, minds, and emotions.
- We will abstain from illicit or nonmedical use of drugs, narcotics, and other substances.
- We will also abstain from use or possession of tobacco in any form.

We view sexuality as one of God's good gifts.¹⁰

- We believe that sexual intercourse and other forms of intensely interpersonal sexual activity are reserved for monogamous, heterosexual marriage. We recognize that sexual purity involves right motives as well as right behaviors.
- We prohibit the possession and use of pornographic material. In addition, we condemn sexually exploitive or abusive behavior and sexual harassment in any form.

We value the wise stewardship of resources.¹¹

- We believe all human and natural resources are a trust from God. We value work; creative expression; and wise use of time, ability, and money. We believe in wise use of natural resources. We will use them to do God's work and to benefit God's creation.
- We prohibit gambling and vandalism. In addition, we reject materialism and harmful exploitation of natural resources.

We believe that maturity calls for us to exercise discretion in our behaviors.

- We believe that God is honored by careful thinking and joyful use of our creativity and imagination. While the media and the arts can be valuable forms of recreation, our commitment to learning calls us to think critically about them and to see them as empowering and liberating ways to understand truth and beauty.
- We believe that certain forms of leisure, entertainment, and recreation are not congruent with holy living. We will make choices that are consistent with our pursuit of holiness in activities such as

theatre, dance, and music, or in the use of media and technology such as film, television, radio, and computers.

At times we will need to follow the biblical mandate to sacrifice our individual liberty for the good of the community.¹² When differences arise, we will choose the course that demands greater personal restraint and self-discipline. We will strive to resolve those differences in a gracious and just manner.

Conclusions about Community Life

Community life at Bethel should be marked by mutual encouragement, sensitivity, and consideration for others. This is particularly important when dealing with our differences. One of the special values of this community is the opportunity to learn from one another, including those within other Christian faith traditions. We celebrate our diversity as well as what we hold in common.

Within committed Christian communities there are diverse views regarding the use of alcohol. Some choose a testimony of abstinence for a variety of legitimate and honorable reasons while others believe they can use alcohol occasionally and moderately without harm to body, spirit, or relationships with others. As a community that honors Holy Spirit-led diversity among Christians, Bethel University employees and students in the Seminary, Graduate School, and College of Adult & Professional Studies are not prohibited from using alcohol in moderation when away from campus and not engaged in official Bethel University activities. Further, employees are expected not to drink alcohol in the presence of Bethel students. Because of the special community nature of the College of Arts & Sciences and the ages of the majority of its students, students in the College of Arts & Sciences will abstain from the use or possession of alcoholic beverages during the school year or while participating in any Bethel-sponsored activity.¹³

Living out the call to whole and holy living is challenging. No one does it perfectly. Community members who struggle to follow Bethel's lifestyle expectations and who would like help in living within them are encouraged to talk with appropriate Bethel personnel to seek help in changing.¹⁴

As a community we recognize that worship, fellowship, spiritual nurture, and Christian service are all essential to our growth in holiness. As members of the Bethel community we are expected to participate in these types of activities regularly. Chapel stands out among these opportunities because it is a unifying spiritual experience for our Christian community. All students, faculty members, and administrative leaders are expected to attend chapel regularly. Chapel is a learning experience that is enriched by the diversity of background and worship styles within the community.

As we join the Bethel community we accept these responsibilities and conditions of membership. We agree to live according to this document and other stated expectations as they are applied to us in the student and employee handbooks. If we find ourselves unable to honor these commitments, withdrawal may be in order. We recognize that we have an obligation to hold each other accountable to biblical standards and to the commitments we have made. Appropriate action will be taken to teach, influence, discipline, or even dismiss those who disregard these community expectations. We will strive to have all disciplinary procedures characterized by Christian love and a redemptive spirit.

As we celebrate this covenant calling to whole and holy living, we encourage and challenge each other with these three verses.¹⁵

Let the peace of Christ rule in your hearts, to which indeed you were called in the one body. And be thankful. Let the word of Christ dwell in you richly; teach and admonish one another in all wisdom; and with gratitude in your hearts sing psalms, hymns, and spiritual songs to God. And whatever you do, in word or deed, do everything in the name of the Lord Jesus, giving thanks to God the Father through Him.

Because of its crucial role in influencing the ethos of the school, this statement of expectations is subject to change only by action of the Board of Trustees. The board holds these standards to be binding for all who voluntarily choose to become a part of the Bethel community.

Expectations

The BUILD program is part of the Center for Access and Integration and is integrated into the Bethel University College of Arts and Sciences. Students in the BUILD program are Bethel University students and are responsible for reading with their parent(s)/guardians and following the BUILD Catalog and Student Life Policies and Procedures (<https://betheluniversity.atlassian.net/wiki/spaces/stulife/pages/50823721/Student+Life+Resources/>).

BUILD Program Verse

"Therefore encourage one another and BUILD each other up, just as in fact you are already doing." (1 *Thessalonians* 5:11)

Benchmarks

The BUILD program provides a supportive and comprehensive educational experience for individuals with intellectual disabilities. Through this program, students experience dynamic and engaging instruction, a career-oriented curriculum, specialized mentorship, and on-campus living - all within a supportive Christian environment. As students continue in the program they are expected to progress along a continuum of developmental benchmarks. Student growth, as indicated by the levels on these benchmark, is tracked throughout the program. This information is reviewed as part of students' exit meeting in order to note progress made throughout the program and the level of skills upon exit from the program. Typically students enter the program with skills rated at an early level, progressing to a middle level by the second to third semesters, and then to late level by the final semester of the program and graduation.

Self-Care

Caring and keeping of the body, spirit, and mind

1 Timothy 4:8 For while bodily training is of some value, Godliness is of value in every way, as it holds promise for the present life and also for the life to come.

Methods of Communication Between Students, Families, and BUILD Staff

The BUILD program website (<https://www.bethel.edu/academics/build/>) is updated regularly and is intended to be a comprehensive resource for students and families to access current information regarding the BUILD program. Communication directly to and from families is carried out primarily through the BUILD program email (build-program@bethel.edu).

Students and families will receive **periodic newsletter updates by email** containing information about upcoming events and highlights from the month. These newsletters are a great source for the most recent information. Along with highlighting student achievements and experiences, the newsletters also provide timely reminders regarding housing check-in and check-out, and information about upcoming events. If there is any new information regarding scholarships, academics, or any other aspects of life at Bethel, the newsletter is a method to communicate with all families. Please ensure the BUILD office has a current email address on file for each parent/guardian. Parents/guardians are welcome to contact the BUILD Office by phone (651-635-8799), as needed.

BUILD program **family dinners** are held at least two times each year to provide opportunities for celebrating student progress and bringing together students and parents/guardians.

Personal Learning Plan (PLP) meetings are held prior to the start of each semester. The purpose of these meetings is to provide an opportunity for students and parents/guardians to meet with BUILD staff to give input and plan for future semesters. These meetings focus on discussing upcoming opportunities for students so they will be prepared to make decisions regarding elective classes, internships, housing, and transportation.

Family Partnership

Family partnership is encouraged throughout students' enrollment in the BUILD program. Families provide many vital direct and indirect supports that contribute to students' success in college. As students transition to a post-secondary setting, students' role as decision-maker continues to grow. Clear understanding of roles and responsibilities allows students, families, and Bethel staff to collaboratively focus on students' success.

To assist in this collaboration, parents/guardians submit any directives outlined on legal documents, such as guardianship and/or specific power of attorney, during the application process and any time updates are made to these directives. These documents are reviewed, discussed as needed for clarity, and followed throughout the student's participation in the BUILD program.

In general, once students enter a post-secondary institution, students "own" educational data. This is detailed in Bethel's description of the Family Educational Rights and Privacy Act (FERPA) (https://drive.google.com/file/d/1mmvahkvs3LHIdp2_uVmLlc1zdj7uNVf/view?usp=sharing). Students' educational information is legally protected by FERPA. Bethel University routinely receives requests from a student's parent, spouse, guardian, other relative, or friend to discuss or disclose student

Methods of Communication Between Students, Families, and BUILD Staff 28

educational records. To protect student records privacy and comply with federal laws (i.e., FERPA), the “guests” are allowed access to student education records after the student has given authorization through a FERPA waiver, by establishing a proxy, and/or as directed by other legal documents. This authorization may be established or revised at any time beginning 45 days before the first term of enrollment. Information regarding these releases is shared with families at the Royal Retreat Events. When students’ Bethel Community Accounts are activated, specific directions are provided in the summer update.

Questions regarding responsibilities, limitations, and communication of information are often related to the areas of academics, finances, spiritual formation, and transportation. These topics are addressed below, with additional details in other sections of the handbook.

Academics

Working closely with their academic advisor, students select a Career Pathway and elective courses throughout their program. Parents/guardians play an important role in these decisions through ongoing conversations with their son or daughter. In addition, during Personal Learning Plan, (PLP) meetings students’ plans are discussed with the students, parents/guardians, and BUILD staff. Students’ final course schedules can be accessed through their MyBethel account. Up until the add/drop date for the term, there may be changes to students’ schedules. Within the guidelines of the program requirements, and with guidance from BUILD staff and parents/guardians, students make final internship decisions.

Students receive information regarding their academic success through ongoing feedback from each instructor. Course progress reports are completed by instructors and shared with advisors, students, and parents/guardians at the midterm each semester. For semester-long courses, an additional PLP meeting will be scheduled at the midterm point if the student is currently failing, or is at risk of failing, any course. Students, and parents/guardians, if the student has signed a release of information, have access to final grades through Banner.

Financial

Because each agency and county is different in the documents they require and when they want invoices, families often have the student or the parents/guardians print off a copy of the student’s invoice/monthly statement through MyBethel. This invoice/monthly statement will include the student’s name, ID #, and each course and cost. If for some reason a student’s county requires something different, he or she should contact build-program@bethel.edu.

Link to BUILD Financial Breakdown: <https://www.bethel.edu/financial-aid/forms/2425-build-financial-breakdown.pdf>

As outlined in the BUILD Program Agreement, the parent/guardian/co-signer of the agreement agrees to be financially liable for all sums owed by the student to Bethel University and agrees to the terms and conditions of the Payment Agreement. The Payment Agreement is signed by the student and cosigner prior to the beginning of classes.

Students and families are encouraged to discuss arrangements for spending money. BUILD staff do not monitor students’ spending. Though students make their own decisions, mentors and staff provide ongoing coaching and reminders regarding spending habits. Students also learn basic budgeting and money management skills as part of their Independent Living courses.

Spiritual Formation

Students are encouraged to actively participate in spiritual development opportunities on and off campus; some of these are briefly described below. This encouragement comes from many sources

including BUILD staff, other Bethel staff and faculty, parents/guardians, student mentors, and other Bethel students. Students in the BUILD program also often influence others' journey of spiritual development. Parents/guardians have opportunities to give input regarding spiritual formation during the application process and PLP meetings, and during direct conversations with their student.

At Bethel, we voluntarily come together for spiritual refueling through worship, praise, prayer, and challenging messages from God's Word. This is done through **Chapel** (<https://www.bethel.edu/christian-formation/worship/chapel/>) - weekday morning worship and **Vespers** (<https://www.bethel.edu/christian-formation/worship/vespers/>) - Sunday evening service.

Discipleship at Bethel is about doing life together with hopes of owning our faith. This is all about relationships. It is about building connections with mentors and friends who care about you and your walk with Christ. Through deep dialogue and asking good questions, discipleship groups wrestle to discover the truth of who God is and who we are as Christ-followers. To learn more about discipleship options at Bethel, students and parents/guardians can visit the Office of Christian Formation's website: <https://www.bethel.edu/christian-formation/discipleship/>

At Bethel, we encourage students to step outside their comfort zone and into experiences that stretch and reshape their view of God's world. Bethel sends students to be with, learn from, and serve alongside God and God's people through our **Solidarity Missions Partnerships (SMP) program**. We are grateful for our longstanding partnerships with the local churches, mission agencies, and development organizations that make these trips possible. Each year the BUILD program partners with the Office of Christian Formation to plan an integrated SMP mission trip experience. As part of this integrated SMP experience, second-year students in BUILD are supported throughout the application and trip process by BUILD mentors and/or staff. Parents/Guardians will be involved in the trip application and may also be asked to help support their student in gathering contact information to send support letters.

Transportation

Students' level of independence regarding transportation is reexamined prior to each semester during the students' PLP meetings. Students, parents/guardians, and BUILD staff discuss safety expectations and opportunities for increased independence as part of determining if a student is ready to progress to the next transportation level. Students do not progress to the next level for transportation unless all parties agree to the increased level. Please see the *Transportation* section for detailed information regarding each level of transportation independence and reasons for a change of level within a semester.

Housing

Residence Halls

Living in the residence halls at Bethel University is an integral part of students' educational experience. The intent of living among peers and in the residence halls is to help individuals develop their full potential in all areas of life. As students seek to become whole and holy people, Bethel understands learning opportunities do not just happen in the classroom. At Bethel, the residence hall is more than a place to sleep and study; it is a place to connect with people, which is one of the most significant aspects of the college experience. It is in the residences that social, spiritual, physical, emotional, and intellectual life blend together as in no other campus environment. This is also where students put their independent living skills into practice through real-life learning opportunities. BUILD staff partner with Student Life to create a safe and encouraging environment for the students in the BUILD program.

Each year the housing arrangements are re-evaluated by Student Life and BUILD staff to determine which residential living options will best meet the needs of students for the following academic year.

Residential Support Systems in Place

- **Housing Mentors:** Housing Mentors live near students in BUILD and help develop life skills that transition students to living more independently. This includes self-care, home management (laundry, cleaning, etc.), weekly meal planning and preparation including grocery shopping, and social/community participation. Housing mentors provide encouragement, verbal reminders, modeling and coaching, but do not provide any direct care or personal care assistance, and do not make decisions for students. Housing Mentors are on-duty weeknights from 7:00 p.m. - 7:00 a.m. and on the weekends from 7:00 p.m. on Friday until 7:00 a.m. Monday.
- **Assistant Residential Supervisor:** The Assistant Residential Supervisor (ARS) is on-duty 20 hours per week between the hours of 4:00-7:00 p.m. The ARS lives and works in the residence halls where students in BUILD also live. The ARS assists the BUILD Residential Supervisors (BRS) and Graduate Assistants (GAs) with housing mentor training, answering the BUILD On-Call phone, events including the Bethel Student Government (BSG) Unified Sports Club, and student follow-up as needed.
- **Residential Supervisors:** The residential supervisors are professional staff who live on campus. Residential supervisors rotate evenings and weekends on-call (weeknights from 4:00 p.m. - 8:00 a.m. and weekends 4:00 p.m. Friday until 8:00 a.m. Monday), as well as days when there are no classes but students are still on campus in partnership with Graduate Assistants. Residential supervisors provide oversight for the residential components of the BUILD program including teaching the Independent Living Lab and other courses as assigned, supervising BUILD housing mentors, and assisting with community and student development as well as conflict management. Students in the BUILD program can reach the residential supervisors at any time during these hours.
- **Graduate Assistants:** BUILD Graduate Assistants (GAs) are graduate student staff who live on campus. GAs rotate evenings and weekends on-call (weeknights from 4:00 p.m. - 8:00 a.m. and weekends 4:00 p.m. Friday until 8:00 a.m. Monday) in partnership with Residential Supervisors.

GAs support the residential and social experience through positive and supportive connections with students as well as professional staff team support, project leadership, and administrative duties including coaching BSG Unified Sports Club sports.

- **Resident Assistants:** Resident Assistants (RA) live in the residence halls near students. Their role is to develop relationships with students in order to walk alongside them as they learn about themselves, their relationship with Christ, and the Bethel community. RAs plan social and educational programming, advertise events, facilitate requesting repairs for residence hall rooms, address behavioral issues, and respond to emergencies.
- **BUILD Professional Staff:** The BUILD Office is open from 8:00 a.m.- 4:00 p.m. Monday through Friday on days when classes are held. During these hours professional BUILD staff are available to help answer the on-call phone, answer questions, and navigate situations when students call or visit the BUILD Office to ask for support.

Residential Life

Roommates are assigned by BUILD and residence life staff for Year One. Following the BUILD program guidelines and following the CAS Student Life residential processes, students self-select roommates for Year Two of the BUILD program. To facilitate parents/guardians talking with students about this important decision, roommate selection will be discussed during PLP meetings prior to spring semester.

Parents/guardians who have comments, questions, or want to share information regarding residential life should contact the BUILD program (651-635-8799 build-program@bethel.edu). This allows BUILD staff to communicate the information to the appropriate individuals and follow-up with the parents/guardians. The role of housing mentors, as described in the BUILD Student Mentors section of this handbook, does not include direct communication with parents/guardians.

On occasion a rooming situation may become a barrier to a successful college experience for one or both of the roommates. In these situations, BUILD staff supports students in working through issues to come to a resolution. If the concerns persist, parents/guardians will be notified, and students will have the opportunity to request a room change at the end of the semester in accordance with Student Life residential processes. In the event of a medical need for an individual room or other housing accommodation, students may work with the Office of Accessibility Resources and Services (<https://www.bethel.edu/accessibility/>) to request the needed accommodations at any time and do not need to wait until the end of the semester.

When students' behavior rises to the level of concerns resulting in a written warning, behavioral agreement, or notice of behavioral probation, parents/guardians are notified by the student.

Students are encouraged by BUILD staff and student mentors to make healthy living choices. Encouragement from family members is also helpful as students transition to making daily living decisions independently.

Students are encouraged to engage in Bethel Activities, Recreational Sports, Club Sports, and NCAA sports. Interests should be discussed during a PLP meeting and students can work with BUILD staff for support in getting connected to activities of interest. See the Bethel Events, Recreational and Club Sports, and NCAA Athletic Teams sections for more details. Managing medications and prescriptions is a critical part of learning to be independent.

Events

Bethel Events and BUILD Program Events

- Students have the opportunity to join both on and off-campus events as planned by Bethel University, Bethel Student Government, BUILD staff, housing mentors (HM), and resident assistants (RA) as noted on their Events Calendar.

- Bethel transportation to off-campus events is typically provided at no cost to students.
- Cost of actual events varies (some are free with Student ID). It is the responsibility of the student to cover any costs (including purchasing food, tickets, snacks, etc.).
- Students are encouraged to attend BUILD program events and other Bethel events and are reminded of upcoming activities by housing mentors.
- Though participation in a variety of events and activities is encouraged and modeled, students are free to choose whether or not to engage in each opportunity. Participation in free time activities outside of events supported by housing mentors is not monitored by the BUILD program staff or mentors.
- Here is a link to the full Bethel calendar: <https://www.bethel.edu/events/calendar/>

Appointments and Events not Planned by Bethel

- Reminders for appointments or events not planned by Bethel, and scheduled by students or parents/guardians, are the responsibility of the student and/or parent/guardian.
- BUILD staff do not provide or arrange for transportation to events or appointments that are not planned by Bethel.

Recreation and Club Sports

- Students enrolled in the BUILD program may participate in Recreational (Rec) and Club Sports, following the tryout procedure, if applicable.
- If deemed appropriate through consultation with the student, BUILD staff, and the leadership of the Rec or Club Sports team, students in the BUILD program may be supported by a mentor who attends team activities with them.
- Students interested in Rec and/or Club Sports should pay attention to information that is shared on Bethel's website and social media, displayed on posters, and communicated by BUILD staff.
- BUILD staff support students in making decisions related to Rec and Club sports. Students are also encouraged to discuss their participation with their families.
- BUILD staff and/or student mentors support students in the sign-up and/or tryout process for whatever sport(s) they select.
- Students who participate in a Club Sport that includes travel away from the university are required to follow the procedures and process as detailed in the Club Sports Manual. BUILD staff and/or student mentors will support students as needed.

NCAA Athletic Teams

- Students enrolled in the BUILD program are eligible to be considered to be able to participate in NCAA Athletic Teams based on a previously approved waiver for all Comprehensive Transition Postsecondary (CTP) programs at Division III colleges and universities.
- Students start the process by meeting with the appropriate Bethel University coach and a BUILD staff member to discuss interest in joining the team.
- After meeting with the appropriate coach(es) to determine roster availability, the student will work with Bethel's NCAA Compliance and Eligibility Officer, and BUILD Director to submit needed documents.
- Not all teams will have roster availability, and participation in an NCAA sport is not guaranteed.
- All NCAA athletes must also submit documentation that the student is able to meet the extra physical requirements as well as additional requirements for health insurance.
- Students must continue to meet NCAA athletic guidelines for eligibility in order to maintain status on team.

Missing Student Policy

The purpose of this policy is to establish procedures for the university's response to reports of a missing student, as required by the Higher Education Opportunity Act of 2008 (<https://www2.ed.gov/>)

policy/highered/leg/hea08/). This university policy applies to students in the BUILD program who reside in university-operated residence halls and apartments.

For purposes of this policy, a student may be considered to be a “missing student” if the person’s absence is contrary to his/her usual pattern of behavior and unusual circumstances may have caused the absence. Such circumstances could include a reasonable/reliable report or suspicion that the missing student may be endangered. Examples include, but are not limited to, a possible victim of foul play, expression of suicidal thoughts, alcohol or other drug abuse, a life-threatening situation, or recent contact with persons who may endanger the student’s welfare.

1. No later than 6 hours from the time that the student is determined to be missing in accordance with the procedure above, the Vice President of Student Experience, the BUILD Director, or designee will notify the parent(s)/guardian(s) that the student is believed to be missing.
2. With the exception of the above described timeline for notification of the parents/guardians, the procedures beyond this step will be as detailed in the Missing Student Policy in the Student Life Campus Policies and Procedures (<https://betheluniversity.atlassian.net/wiki/spaces/stulife/pages/50824701/Missing+Student+Policy/>).

Student Mentors

Mentor Support provided by the BUILD Program*

- Mentors are Bethel students hired to live and/or work alongside students in BUILD to encourage involvement in Bethel events, and support skill development, academic learning, and independence.
- Mentors do not provide personal care assistance.
- We ask that parents/guardians contact the BUILD program (651-635-8799 build-program@bethel.edu) with any questions, concerns, and comments regarding their student’s Bethel experience. Using the BUILD program contacts will allow BUILD staff to communicate messages to the correct person/people to best follow-up on questions, concerns, and/or information. Student mentors’ contact information is not shared publicly.

Social Mentor: Second-year students in BUILD have the opportunity to apply for a volunteer social mentor position. This position focuses on supporting first-year students in BUILD by encouraging their participation in Welcome Week activities and assisting them in getting to class at the beginning of the academic year. Students are encouraged to continue this connection throughout the year.

*Needs for accommodations that exceed what is provided by BUILD mentors need to be requested through the Office of (<https://www.bethel.edu/disability/>)Accessibility Resources and Services (OARS) (<https://www.bethel.edu/disability/>) (e.g., accessibility needs, interpreters, etc.).

Accommodations Policy

Disability-related accommodations are determined by the Office of Accessibility Resources and Services (OARS). Students requesting disability-related accommodations work with their advisor or a BUILD staff member to request needed accommodations.

Health Information

Health & Fitness

- Students make their own decisions about when and what to eat and whether they choose to follow an exercise plan.
- Students and families are encouraged to discuss healthy eating habits and exercise.
- Though BUILD staff and mentors provide ongoing coaching and reminders regarding health and fitness habits, they do not monitor students' diet, exercise, and weight.
- The curricula the BUILD program uses for the Independent Living courses address healthy food choices, serving sizes, calories, and exercise. Students also learn how to safely use the Wellness Center as part of the Life at Bethel course.

- Students are encouraged to access campus opportunities to stay healthy and active by working out or participating in classes offered in the Wellness Center, going to open gym, and joining various clubs, activities, and recreational sports teams.
- Students and families interested in getting set up to work with a personal trainer can email wellness-center@bethel.edu requesting support to begin working with a personal trainer at Bethel. The Wellness Center Director typically oversees the set up for personal training. Any additional costs for personal training are not associated with or billed as BUILD Program costs.

What happens if I wake up and I do not feel well?

- Students must call the BUILD on-call number to let BUILD staff know they are sick.
- If students feel too sick to attend class they will need to make an appointment in Health Services in order to determine whether they are well enough to go to class, need to go to a physician or Urgent Care, or need to go home.
- Parents/guardians will be contacted by Health Services by phone during or following the visit in accordance with appropriate Releases of Information.
- BUILD staff will follow the recommendations of Health Services to determine next steps.
- If students are allowed to stay on campus, but are told not to go to classes, the students will be alone between the hours of 7:00 a.m. – 7:00 p.m. It then becomes their family's responsibility to either let them remain alone or to come pick them up and take them home.
- There is no Housing Mentor on duty between the hours of 7:00 a.m. – 7:00 p.m.
- Bethel University is not equipped with a supervised place for students to rest and recover when ill.
- In case of extreme emergency, 911 will be called.

Health Services

- Parents/guardians are strongly encouraged to work with students to complete all health-related forms provided by the BUILD program.
- Health personnel recommend that a phone number for students' parents/guardians be kept on file and that parents/guardians be available by phone during any appointments students have with Health Services.
- Parents/guardians can share health information with the student's advisor if help is needed to schedule reminders for medications, appointments, and/or if additional information should be monitored or shared with mentors.
- Health Services is staffed by registered nurses Monday-Friday and a part-time nurse practitioner available Monday through Thursdays. Appointments are encouraged.
- Hours
 - Monday-Friday from 8 a.m.- 4 p.m.
 - Location: Town House H, First Floor
 - Call 651-638-6215 or stop by the clinic in Townhouse H for an appointment.
- Health Services offers a wide variety of services (<https://www.bethel.edu/health-services/services/index/>) to Bethel students.

Medication

- Managing medications and prescriptions is a critical part of learning to be independent. Because of this, students are responsible to administer and manage prescriptions and refills.
- BUILD staff and mentors do not administer or monitor medication (including over-the-counter medication), or manage prescriptions and refills. Some students and parents/guardians have found it helpful to arrange for routine prescriptions and refills to be delivered directly to students' campus mailboxes or picked up as part of weekly Target trips.

Therapists

Private therapists may be accommodated on Bethel's campus, if the following protocol is followed:

1. The request for any therapist to serve a BUILD student on campus originates with the BUILD student's parents/guardians, rather than from the therapist. The parents/guardians makes the request in writing and specifies what services are to be provided as well as identifies the therapist they wish to perform the services. The request indicates whether the services will be for a specific time period or ongoing.
2. The BUILD Director grants the request of the parents/guardians if he or she deems it reasonable and not disruptive of the BUILD program already set up for the student.
3. The therapist provides the BUILD program with a schedule of times he or she is on campus to work with the BUILD student and describes the nature of the services to be provided, as well as the location where they propose to meet. If the therapist requests access to Bethel facilities, such as a piano or art room, the director may accommodate such requests to the extent these rooms are available. (The therapist can contact the BUILD program at (651) 635-8799 or build-program@bethel.edu.)
4. The therapist provides Bethel proof of professional liability insurance coverage (If the therapist is working with minors or vulnerable adults, he or she should already have such insurance coverage) by submitting a Certificate of Insurance from the insurer, naming the insurance company and describing policy dollar amounts. This documentation will be kept with the BUILD student's records as long as they are maintained by Bethel.

Spending Money

- The Office of Financial Aid (<https://www.bethel.edu/financial-aid/>) recommends that students budget approximately \$55 per credit for books and supplies. Students should also budget for private music lessons, lab or course materials, athletic fees, transportation and personal expenses. We estimate students spend between \$4,300 (living on-campus) per year on books and supplies and other indirect expenses. Student finances and use of cash, check, debit or credit card(s) are not monitored by BUILD staff.
- Students in the BUILD program are encouraged not to give, lend, take, or borrow money to/ from any other student. This expectation helps students to practice budgeting skills and avoid exploitation.
- Students are encouraged to use their meal plan (<https://www.bethel.edu/dining-services/meal-plans/plans/>) before purchasing any other food for meals, outside of their Independent Living assignments.
 - Students' flex dollars are for a quick snack in Royal Grounds (<https://www.bethel.edu/dining-services/locations/royal-grounds/index/>), a meal at the 3900 Grill (<https://www.bethel.edu/dining-services/locations/3900-grill/index/>), an extra trip to the dining center, or ordering in from Davanni's after the dining center closes. Depending on the plan, you'll have a certain amount of flex for each term—Fall, January, and Spring.
 - Any flex money students have on their account during a term should be used for snacks rather than meals, to prevent students from paying twice (paying by not using a meal on their pre-paid meal plan and then also paying for another meal using Flex). Flex money should only be used by the students for themselves and needs to be used in full by the end of the semester. Unspent Flex money is not carried over into the next term.
- BUILD staff do not monitor credit card activity. It is suggested to not keep a credit card on file with the AppleID/App Store.
- Though students make their own decisions, mentors and staff provide ongoing coaching and reminders regarding spending habits. Students also learn basic money management and budgeting skills as part of their independent living courses.

Technology

Technology Use Policies and Procedures

Social Media Accounts:

- BUILD staff do not manage or monitor students' social media.
- BUILD staff do not accept or initiate friend requests on social media from current students or their families.

Information Technology Use:

- Bethel Information Technology Services (ITS) strives to provide high-quality computer hardware and software as well as a secure and reliable network. All users of a Bethel account are expected to abide by Bethel's responsible use policy found online at: Responsible Use of Information Technology Resources Policy (<https://betheluniversity.atlassian.net/wiki/spaces/ITSKB/pages/50017185/Bethel+University+Network+and+Computer+Responsible+Use+Policy/>). The policy applies to university owned hardware and software as well as privately-owned devices using the Bethel network and resources. Responsible use should always be in line with Bethel's Covenant for Life together, as well as legal, ethical, and consistent with good stewardship of shared resources. This policy prohibits the use of Bethel's network to access or view pornography or other information or images that are in violation of Bethel's Covenant for Life together. This includes the use of Bethel hardware, software, or network for illegal activity such as making unauthorized copies of copyrighted material. Security is a vital part of responsible use of technology, this includes things like not sharing your password, remaining alert and informed when using the internet, and respecting the privacy and security of other users.
- BUILD provides an iPad, protective case, and charger for each student, with the requirement that both students and parents/guardians sign the BUILD Program Agreement (https://drive.google.com/file/d/1vZpFYl9rFQC5KBO_9aiWQTIRHsk0rM1/view/?usp=sharing). Bethel University Information Technology team assists students with setting up iPads prior to the start of classes.
- BUILD staff assist students with ongoing iPad use and needs, including learning to use this technology to support college success (e.g. scheduling, setting and recalling passwords, daily routines, alarms, completing coursework, etc.)
- While enrolled at Bethel, students must keep their iPads in the Bethel provided protective case as part of responsible care and use.
- Personal technology needs (e.g., phone, personal computer, etc.) will be supported through Bethel University Information Technology team located at RC419.
 - Students can contact the Information Technology team at 651.638.6500 or by email at helpdesk@bethel.edu
- Upon graduation, students retain their iPad and have sole responsibility for its use and maintenance.

Student Email Accounts:

- It is imperative that students learn to independently access their own email account. Students work on this during BUILD Independent Study Classes and have opportunities to receive support from mentors to read and reply to messages.
- The Bethel Community email account is Bethel's primary means of communicating important information to students.
- Students need a good, independent command of email communication in order to succeed both at Bethel and beyond.

- Students are encouraged to read and respond to emails on their account. Students may benefit from parents/guardians supporting their understanding and communication, but students should take the lead in replying to messages that have been addressed to them.

Group Messaging:

- Group messaging through the GroupMe app is used by BUILD staff to communicate with each cohort as a means of direct and timely communication.
- Housing mentors when on-duty will check-in at 7:00 p.m. with all students in BUILD by sending a group message. Mentors also use group messaging to provide information and encourage participation by all students in any Bethel or BUILD events that are scheduled for the evening.
- Student Academic Mentors also use GroupMe and group messaging to provide information and encourage participation in class and study groups by students enrolled in specific elective courses.

Recording policy

Faculty, staff, and students in the Bethel community have a reasonable expectation of privacy. Recording without consent is not compatible with promoting an environment of trust and open dialogue. Therefore, audio and video recording of conversations, meetings, and other campus processes, without the knowledge and permission of all involved parties, is prohibited.

Social Media and Online Communities

Online communities can help students connect with each other in many positive ways. We acknowledge how important these connections can be for students during the college years. However, we advise students to use discretion when posting personal information on the internet. Be aware that information is not private and students can compromise their personal safety by posting information about their whereabouts and activities. All participation in social media and online communities using Bethel University computing resources must be in compliance with the Bethel "Information Technology Responsible Use" policy. Visit <https://iam.bethel.edu/ruptext.html> for additional information.

Transportation

As with all aspects of the BUILD program, transitions related to transportation are intentional. Students are continuously working toward a greater level of independence through instruction, practice opportunities, and support from mentors to assist them in building their skills and independence. Students start the program at level 1 and typically advance transportation levels one semester at a time. However, progress with specific areas/skills or policy violations can result in a change in levels that could be adjusted in monthly intervals. Students who would like to have a car on campus must request an appeal through Safety & Security (<https://www.bethel.edu/safety-security/parking/permit-appeal/>) and request an exception through BUILD regarding the transportation levels if not on Level 4.

A breakdown of the transportation levels is linked to each student's Personal Learning Plan (PLP) and can be reviewed below:

BUILD Transportation Levels							
Level	Sign-out required	Visual confirmation before leaving (in person or FaceTime)	May leave with BUILD mentors/ staff in Bethel transportation	May leave campus with:	Use Bethel transportation independently to attend Bethel event	Use Bethel shuttle or church transportation independently	Leave using own personal vehicle
1	Yes	Yes	Yes	Only those listed on the PLP	No	No	No
2		No			Yes	No	No
3		No			Yes	Yes	No
4		No		Anyone	Yes	Yes	Yes

**BUILD staff do not provide or arrange for transportation to events or appointments that are not planned by Bethel.*

Other Information

Elevator Access (for Nelson Hall only)

- If students or families need elevator access in Nelson Hall, please request access through the BUILD office. BUILD staff will contact Bethel's Office of Safety and Security (<https://www.bethel.edu/safety-security/>) to pass on the request for elevator access.
- If there is a need for elevator access after office hours, students can call the BUILD on-call number.
- Housing mentors, resident assistants, and resident directors of the hall do not arrange for elevator access.
- If the elevator breaks down, students are to contact the Office of Safety and Security at 651.638.6000 for assistance.

Packing

- Occasionally students attend retreats or other events for which they need to pack a suitcase or travel bag. These opportunities give students a chance to learn planning and preparation skills in a natural context.
- Parents, mentors, and/or BUILD staff are encouraged to work alongside students as they pack a suitcase rather than pack for the student.
- Being an active participant in the process allows students to put independent living skills into practice as well as helps them know what is and is not included in their suitcase.

Employment

- Some students choose to work while in college; however, their responsibilities as a student are their primary commitment. Missing class, finals, or any other class requirements will not be excused.

Academic Information

Curricular Philosophy and Goals

Bethel's curriculum is designed to help students develop the skills and insights to live successfully and to serve Christ effectively in the world that awaits them after graduation. Each course is designed to help students develop specific skills applicable to many situations they may face in the future. The combined offerings of Bethel's BUILD program and integrated electives provide exceptional Christian higher education.

Academic Honesty

Since Bethel University is a Christian academic community, its fundamental purpose is the pursuit of knowledge and the development of growing Christian persons. Essential to the success of this educational mission is a commitment to principles of ethical academic integrity. Every member of the university community is responsible for upholding the highest standards of honesty at all times. Students, as members of this community, are also responsible for adhering to the principles and spirit of academic honesty. There are several ways in which these principles and spirit can be violated:

Academic Honesty Violation Definitions

Activities that have the effect or intention of interfering with education, pursuit of knowledge, or fair evaluation of a student's performance are prohibited. Examples of such activities include, but are not limited to, the following definitions:

1. **Cheating** - Using or attempting to use assistance, materials, or study aids not authorized and/or specifically prohibited by the instructor.
2. **Plagiarism** - Using the ideas (e.g., concepts, theories), data, language, media, or images of another source (e.g., human or artificial intelligence) and representing it as one's own original work, without specific and proper acknowledgement.
3. **Facilitating Academic Dishonesty** - Knowingly helping or attempting to help others violate any provision of this academic dishonesty policy.
4. **Multiple submission** - Submitting, without prior permission, any work previously or concurrently submitted to fulfill another academic requirement.
5. **Fabrication** - Deliberately submitting false, fraudulent, or altered information in any academic work.
6. **Unfair Advantage** - Exercising or attempting to exercise unauthorized or unfair academic advantage over others or impeding the academic work of others.
7. **Misrepresentation of academic records** - Misrepresenting, tampering with, or attempting to tamper with any portion of a student's academic record.

Addressing Academic Dishonesty

While violating honesty standards is primarily an academic offense addressed by faculty and other academic officers, it is also a behavior inconsistent with Bethel's Covenant for Life Together, which states that "We will not tolerate plagiarism and other forms of academic dishonesty." As a result, academic dishonesty is dealt with by two separate and parallel processes.

Academic Penalties for Academic Dishonesty

When academic dishonesty occurs, penalties are given at the discretion of the faculty member, as described in the course syllabus. Such penalties can range from failure on an assignment to denial of credit (U or F) in a course.

Appeals of Academic Penalties

Students charged with a violation have the right to appeal any disciplinary action. The appeals process is as follows:

1. As soon as possible following the disciplinary action in question, the student will seek to resolve the matter first with the instructor or with the party directly responsible for the decision, and then with the Director of BUILD. (If the instructor is the Director of BUILD, the student should contact the Associate Director of BUILD.)
2. If after talking with the instructor and the Director of BUILD, the matter is not resolved, the student may appeal in writing to the Associate Provost of the College of Arts and Sciences. This written appeal must be received within three weeks of the decision or incident in question.

Institutional Intervention in Addressing Habitual Academic Dishonesty

Because Bethel is committed to developing “whole and holy persons,” repeated or habitual violations of academic honesty are causes for concern and, potentially, disciplinary action. Because Bethel's Covenant for Life Together urges us to “nurture one another” and “to elevate kingdom values over personal agendas,” the Associate Provost of the College of Arts & Sciences will be notified of all academic honesty violations. The faculty member reporting the academic honesty violation provides the student's name, describes the violation, identifies the date of the violation, and describes the response by the faculty member. The Office of Academic Affairs (<https://www.bethel.edu/undergrad/academic-affairs/>) keeps a record of instances of academic dishonesty so that inappropriate behavior can then be reported to, and addressed by, the Office of Student Life (<https://www.bethel.edu/undergrad/student-life/>). While each offense is handled individually, the policy addresses the cumulative effect of all violations. This procedure involves the following:

First Violation

Written notification will be sent from the Associate Provost of the College of Arts & Sciences to the student indicating receipt of this violation and the procedure that would be followed in the event of future occurrences. No further disciplinary action is taken beyond the penalty as assigned by the faculty member.

Second Violation

When a student has committed a second violation of the Academic Honesty policy, the Associate Provost of the College of Arts & Sciences will refer the student to the Associate Vice President of Student Life, who will meet with the student to clarify the next steps. The Associate Vice President of Student Life will then make written recommendations to the student and the student's academic advisor (or a faculty mentor chosen by the student) in order to address the student's pattern of behavior. This letter will also describe the consequences of additional violations. These recommendations may include, but not be limited to:

- Meeting (or meetings) with the advisor
- Meeting with the instructor(s) involved
- Appointments with the Academic Enrichment and Support Center
- Involvement with a counselor

The advisor or mentor will monitor the student's progress in acting on the recommendations and submit a report to the Associate Vice President of Student Life at the end of the academic year.

Third and Subsequent Violations

When a third (and subsequent) violation occurs, the Associate Vice President of Student Life and Associate Provost of the College of Arts & Sciences will review the case and take appropriate action, including, but not limited to, probation, suspension, or dismissal.

Appeals of Disciplinary Action

Students charged with habitual academic dishonesty can appeal any disciplinary action. Appeals should be submitted in writing within three weeks of the decision to the Vice President of Student Experience.

The policies and procedures that address habitual academic dishonesty are not intended to be punitive but to be positively developmental in helping the student deal with a pattern of behavior that is harmful to both the individual and the community. Keeping a record of all violations is a way to identify and help students who have made an unfortunate habit of academic dishonesty, for whatever reason.

Without this record, individual faculty members and the Office of Student Life (<https://www.bethel.edu/undergrad/student-life/>) will not be able to identify a pattern of offenses and will be unable to take the necessary, restorative action.

Academic Progress

Academic Progress, Probation, and Dismissal

Academic standing is calculated at the end of fall and spring terms. When students are placed on Academic Warning, Academic Probation, or Academic Dismissal, the student, their advisors, and financial aid staff are notified by the Office of the Registrar (<https://www.bethel.edu/registrar/>). If the student has signed a FERPA waiver, designated a proxy, and/or has provided direction in other legal document(s), the advisor will notify the parents/guardians or other designated person(s). Academic standing appears on unofficial transcripts of all students.

1. Good Academic Standing: Students who are not on academic probation or academic dismissal are considered to be in good academic standing.
2. Academic Warning: Students who earn a grade of U (Unsatisfactory) in one class and/or do not successfully complete 2/3 of attempted credits in one semester receive an academic warning. Students receive normal financial aid while on academic warning.
3. Academic Probation: Students who earn a grade of U in any two classes and/or do not successfully complete 2/3 of attempted credits in any two semesters are placed on academic probation. Students receive normal financial aid while on academic probation.
4. Academic Dismissal: Students who earn a grade of U in any four classes and/or do not successfully complete 2/3 of attempted credits in any three semesters may be subject to academic dismissal. Academic dismissal of any student is the decision of the Bethel University Registrar. Academic warning and academic probation may not always immediately precede academic dismissal.

Academic standing is determined upon initial submission of final grades for Fall and Spring terms. Students who have received a change of grade, or who repeated a course during January session, may petition the Office of the Registrar to have their current academic standing reassessed.

When a student repeats a course, both grades for the course will remain on the transcript. The most recent grade will replace the previous course grade when determining academic standing.

Academic Appeals

Appeals of Academic Dismissal

Students who have been academically dismissed are notified by the Registrar. They may appeal the academic dismissal to the BUILD Academic Appeals Committee by submitting a written appeal to the Office of Academic Affairs (<https://www.bethel.edu/undergrad/academic-affairs/>). Students may choose to be present at a hearing for the purpose of responding to specific requests for information from committee members. Written notification of the committee's decision will be sent to students via their Bethel email address and their parent(s)/guardian(s) via US mail. Complete instructions and

forms for the appeal process are sent by the Registrar when the students are notified of their dismissal; the appeals process complies with the Minnesota Statutes, section 122A.09, subdivision 4, paragraph (c). Decisions of the BUILD Academic Appeals Committee affect academic and financial aid policies.

Appeals of Grades and Other Academic Policies for a Course or Applied Studies Certificate

Appeals related to grades and decisions of the registrar in applying academic policies to a course or requirements for the Certificate in Applied Studies should be made as soon as possible following the decision in question; the appeals process complies with the Minnesota Statutes, section 122A.09, subdivision 4, paragraph (c). The student will seek to resolve the matter first with the instructor or with the party directly responsible for the decision, and then with the Director of BUILD. (If the instructor is the Director of BUILD, the student should contact the Assistant Director of BUILD.) If after talking with the instructor and the Director of BUILD the matter is not resolved, the student may appeal in writing to the Dean of Academic Programs. This written appeal must be received within three weeks of the decision.

Concerns about course content and procedures should be addressed first to the instructor and then to the Director of BUILD. (If the instructor is the Director of BUILD, the student should contact the Dean of Academic Programs.) If after talking with the instructor and the Director of BUILD, the issue has not been resolved, the student should contact the Dean of Academic Programs.

Appeals of Graduation Requirements and Other Academic Policies

Appeals related to graduation requirements and decisions of the registrar applying policies that are not related to a particular course or to the Certificate in Applied Studies should be made as soon as possible after the registrar's decision; the appeals process complies with the Minnesota Statutes, section 122A.09, subdivision 4, paragraph (c). Students should use the Academic Petition form found on the registrar's website (<https://www.bethel.edu/registrar/forms/other-petition/>) and submit the form to the Associate Provost of the College of Arts & Sciences: <https://www.bethel.edu/registrar/forms/other-petition>

Appeals of Disciplinary Action Related to Academic Honesty

Students charged with a violation have the right to appeal any disciplinary action; the appeals process complies with the Minnesota Statutes, section 122A.09, subdivision 4, paragraph (c). As soon as possible following the disciplinary action in question, the student will seek to resolve the matter first with the instructor or with the party directly responsible for the decision, and then with the Director of BUILD. If after talking with the instructor and Director of BUILD, the matter is not resolved, the student may appeal in writing to the Dean of Academic Programs. (If the instructor is the Director of BUILD, the student should contact the Dean of Academic Programs, and may appeal in writing to the Associate Provost of the College of Arts & Sciences.) This written appeal must be received within three weeks of the decision or incident in question.

Course Policies and Grades

Accommodations Policy

Disability-related accommodations are determined by the Office of Accessibility Resources and Services (OARS) (<https://www.bethel.edu/accessibility/>). Students requesting disability-related accommodations work with their advisor or a BUILD Staff member to request needed accommodations. Once OARS determines that accommodations are to be made, they will notify the student and the instructor via email.

Attending Classes

Students are accountable for all required work in each of their courses. They must assume full responsibility for class attendance in a way satisfactory to the instructor and for work missed due to absence(s). Since class sessions function not merely for individual learning but also for group interaction, absences can become a serious problem for both the individual and for the group.

Course by Arrangement

In special circumstances, students may request to take a course by arrangement. Only courses that are requirements for the Certificate in Applied Studies can be taken by arrangement. A student may take only one course by arrangement while completing their Certificate in Applied Studies. A course by arrangement is graded on a S/U basis.

A completed course by arrangement form must be submitted to the Office of the Registrar (<https://www.bethel.edu/registrar/>) by the add/drop day of the term in which the course is taken. The form must be approved by the student's academic advisor, the Director of BUILD, and the University Registrar.

Dropping a Course

There are two ways for a student to drop a course:

Administrative Drop

Any student with no documented academic activity in a course (according to the course requirements) by the term's drop date may be dropped from the course.

Student Initiated Drop

During any term (full term, half term, January session), students may drop courses prior to the deadline. Though not required, it is recommended that students consult their advisor before dropping a course. Dropped courses do not appear on the student's transcript. Course drops are official on the date students make the change online or written notice is received by the Office of the Registrar.

Grades and Grading

The scale below is used to define grades. The scores or points required in a course to earn a particular grade are determined by the instructor. All grades are considered final and are not subject to change except for errors in calculation, or as a result of a formal grade appeal process (see the *Academic Appeals* section of this catalog):

Grade	Definition	Grade Points
IN	Incomplete (courses graded S/U)	
S (65-100%)	Satisfactory	
U (0-64%)	Unsatisfactory	
W	Withdrawal	

S/U Grading

Courses are graded on a S/U basis as indicated in this catalog. The S grade indicates at least D level achievement (65% or higher).

Transferring S/U Courses to Bethel

With the exception of satisfactory or passing grades awarded during the COVID-19 pandemic of Spring and Summer of 2020, satisfactory or passing grades must be defined as equivalent to a C or higher in order to receive transfer credit. For credits taken during Spring and Summer 2020 only, all Satisfactory or Passing grades awarded will be awarded transfer credit, even if the other institution does not define satisfactory or passing grades as equivalent to a C or higher.

Grade Replacement

When a student repeats a course at Bethel the grade and credits for the earlier course are excluded from the student's academic record when determining satisfactory progress. Grades for all courses remain on the student's transcript.

Incompletes

If a student has been regular in class attendance and submission of assignments but is unable to complete requirements for a course in the regular time due to causes that are beyond the student's control, the student may petition to receive a grade of Incomplete. A petition for a grade of Incomplete is only considered after the last day to withdraw. All remaining work must be of a kind that can be done largely through the independent efforts of the student. The student must submit the Petition for Incomplete form to the course instructor for approval. If approved, the instructor indicates on the petition the work that must be completed and also the grade to be assigned if the work is not completed by the deadline set by the instructor. This deadline can be no later than eight weeks after the start of the next full semester (fall or spring). For courses graded on an S/U basis, the instructor submits a grade of IN. Both the student and the instructor sign and keep a copy of the petition. If the student completes all requirements specified on the petition before the deadline, the newly earned grade replaces the grade of IN. Otherwise, the grade on the petition replaces the grade of IN. (See the Office of the Registrar for petition forms.)

Prerequisites

Many courses have prerequisites in order to ensure that students have the appropriate academic preparation and experience for the course. Course prerequisites are listed with each course description. In some instances, the prerequisite may be waived by consent of the instructor.

Registration Changes

Full Term Course

Students may not add courses after the 8th calendar day of the term without the consent of the registrar. Courses dropped after the 8th day and through the end of the 12th week will be graded "W." No full term course may be dropped after the 12th week of class.

Half Term Course

Students may not add a new course after the 8th calendar day of the start of the half-term without the consent of the registrar. Courses dropped after the first and through the end of the 6th week of a half-term class will be graded "W." No half term course may be dropped after the 6th week of classes. Course registrations, drops and adds are official on the date written notice is received by the Office of the Registrar.

Withdrawing from a Course

Students may withdraw from a full-term course after the drop deadline and before the end of the 12th week of class. A grade of "W" is assigned for course withdrawals. Course withdrawals are official on

the date students withdraw from the course online or written notice is received by the Office of the Registrar.

Students may withdraw from a half-term course after the drop deadline and before the end of the 6th week of class. A grade of “W” is assigned for course withdrawals. Course withdrawals are official on the date students withdraw from the course online or written notice is received by the Office of the Registrar.

Students may withdraw from a January session course or other course less than five weeks in length after the drop deadline and before the end of the 17th day of the term. A grade of “W” is assigned for course withdrawals. Course withdrawals are official on the date students withdraw from the course online or written notice is received by the Office of the Registrar.

Withdrawal (Academic Administrative)

Any student with no documented activity in a course (according to the course requirements) for a period of three weeks during fall or spring or one week during January session, where the last date of documented activity is prior to the course withdrawal deadline date, may be administratively withdrawn from the course.

Any student with no documented activity in **all** courses (according to the course requirements) for a period of three weeks during fall or spring, where the last date of documented activity is prior to the course withdrawal deadline date, may be administratively withdrawn from Bethel.

Internships

An academic internship is a learning/practicing experience in an on- or off-campus setting during which students explore and/or apply a body of knowledge and skill in a structured non-classroom setting. It can take place in various settings and utilize many knowledge and skill areas covered in BUILD program curriculum. Internships must provide an opportunity to meet learning objectives.

An acceptable internship is one that expects students to explore career aspirations and make a deliberate application of their academic knowledge and skills; continue to learn as stimulated by the problems and issues encountered; grow in their personal maturity and confidence in one’s abilities; and develop empathy with and understanding of persons, groups, and settings. An internship is conducted under joint supervision of a BUILD Internship Supervisor and an on-site supervisor. Both parties in collaboration with the student agree on the specific objectives by the end of the first 1/3 of the term of the internship. There is on-going communication between the supervisors, job mentor, and student regarding the experience (e.g., internship daily log, evaluation forms, etc.).

Job mentors work to support students in the BUILD program with job-related skills during internships. They will provide transportation to/from the job site (when necessary) and remain with the students as needed to offer on-the-job support and coaching.

Requirements for internship courses:

- Each internship credit requires a minimum of 30 on-site hours at the internship site.
- Completion of learning objectives.
- Internships are graded S/U.

In preparation for the on- or off-campus internships, students spend their first semester engaging in BJE 012 *BUILD Jobs and Employment I* & BLD 018 *BUILD Life at Bethel* courses where they identify and explore their interests and strengths. Within the guidelines of the program requirements and with guidance from BUILD staff and parent(s)/guardian(s), students make final internship selection decisions.

Commencement Ceremony and Final Examinations

Commencement Participation

Students who have not completed all required courses for graduation may participate in the commencement ceremony provided they have no more than a total of four (4) credits remaining. Students must plan to complete their courses by the end of the Fall term of the next academic year. Policies regarding residency requirements apply.

Final Examinations

At the close of the Fall and Spring terms, one week is provided for final examinations. Students are required to take examinations at the time indicated for each course by the instructor in the syllabus or through other communication. Exceptions necessitated by conflicts with an established work schedule, severe personal hardships, or academic hardship (in the form of having three examinations on one day) must be approved by the faculty member. Faculty approval must be obtained at least two weeks prior to the date of the exam in cases where the hardship is known in advance. Exams will not be rescheduled merely for the economy and/or convenience of the student.

Final examinations are usually given as part of the January Session term, but no special days are specifically set aside for this purpose.

Bethel's policy on final exams is that every regular academic course must include a final exam or other final appropriate academic exercise within the final exam schedule. In lieu of a final exam which covers the entire course, the following have been declared to be appropriate academic exercises: a paper due at the time of the regularly scheduled final exam period; a unit test similar to others given during the term which covers only a part of the course; or a required class meeting or academic exercise during the regularly scheduled final exam period. Final exams should not be advanced into the last week of classes because this impacts negatively on student performance in other classes.

Leaving the University Prior to Graduation

Withdrawal

A student who decides to discontinue their studies prior to completing their program must officially withdraw. To officially withdraw from Bethel University, a student should complete the appropriate forms available from the Office of Student Life (<https://www.bethel.edu/undergrad/student-life/>) or call the office at 651.638.6300 and schedule an appointment for an exit interview. Failure to notify the institution of an intent to withdraw may result in loss of financial aid and housing deposit.

Stop Out

On occasion, it may become necessary for a student to leave school for one or two semesters for a variety of reasons. A student who finds it necessary to discontinue their studies for only one or two semesters, with the intent to return to Bethel after that time, may be eligible for a stop-out status rather than officially withdrawing from the university. A student interested in receiving a stop-out status should inquire about eligibility with the Office of Student Life (<https://www.bethel.edu/undergrad/student-life/>). To be granted a stop-out, a student must be in good standing academically and financially, must have been at Bethel at least one full semester, and must plan to be away no more than one or two full semesters.

A stop-out status allows a student to return to Bethel after one or two semesters away without reapplying for admission. Students also retain their class-level status for housing sign-up and academic registration. The stop-out procedure may only be utilized once by a student during the course of their academic studies, unless special approval is granted by the university. Students who re-enter Bethel after being on stop-out must meet the requirements of the catalog for the year in which they re-enter Bethel.

Readmission

Students who have been academically dismissed may apply to be readmitted no sooner than one semester after their dismissal. Readmission requires evidence of academic success, including employment readiness and independent living success in another setting. Readmission of students who have been academically dismissed is reviewed by the BUILD Office (<https://www.bethel.edu/academics/build/>), Office of Student Life (<https://www.bethel.edu/undergrad/student-life/>), Office of the Registrar (<https://www.bethel.edu/registrar/>), Office of Academic Affairs (<https://www.bethel.edu/undergrad/academic-affairs/>), and the Business Office (<https://www.bethel.edu/business-office/>).

Enrollment Checklist

All students enrolled in the fall term are required to complete their Enrollment Checklist by August 25, 2024.

To view the Enrollment Checklist, go to: MyBethel> Home tab > Enrollment Checklist.

Registration Hold

Registration for classes in the second year is dependent on payment of the previous year's expenses. A student whose account is in arrears on **July 1** will be dropped from any registered courses for the fall and will have a registration hold placed on their account, not allowing the student to re-register until the balance is paid.

Any student who pays an outstanding balance by check and the check is returned from the bank due to non-sufficient funds will have their registration dropped (for future terms). The student will not be permitted to re-register until full payment is received. If repayment is made via check, registration will be granted in ten business days.

Any student in good standing on a payment plan (current on their monthly payment installments) will be allowed to register for future terms. If the student fails to pay their remaining monthly installments, their registration may be dropped.

Be advised that students whose registrations have been dropped have no guarantee that the same course(s) will be available when they re-register.

Finance Clearance for Graduation

A student will not be issued an official transcript or receive their certificate until all financial obligations have been met.

Financial Suspension

Bethel reserves the right to suspend a student from a program, course(s), housing, and meal plan if there is failure to provide full payment on the student account when due. Any student who is financially suspended during a semester will be withdrawn from their classes, removed from their meal plan, and required to move out of Bethel housing.

Non-Sufficient Funds

If payment is returned from the bank for non-sufficient funds, a \$25 returned check fee will be assessed on the student account. Any student (or parent/guardian) who has two checks returned due to non-sufficient funds will not be allowed to make future payments by personal check.

Enrollment Deposit

A one-time enrollment deposit of \$300 is required of all students. The deposit allows students to register for each succeeding semester, provided all financial obligations have been met.

Refunds and Withdrawals

Students who withdraw from classes during the term may be eligible for a refund. There are two types of refunds: billing refunds (course costs, support fees, course fees room, meal plan, etc.) and financial aid refunds. A billing refund credits funds to the student account, thereby decreasing the amount that is owed on the student account. A financial aid refund reduces the amount of financial aid available to pay the billing charges, thereby increasing the amount that is owed on the student account.

A student seeking to withdraw from all classes at Bethel must notify the Office of Student Life (<https://www.bethel.edu/undergrad/student-life/>). This date of notification will serve as the student's withdrawal/stop-out date. The student will be provided with a packet of information regarding the withdrawal and stop-out processes and will be scheduled for a withdrawal/stop-out interview with one of the student life deans. Students are asked to read through all materials provided in the packet in advance of their interview with the dean. Once the interview is complete, the dean will process the student's withdrawal/stop-out.

Tuition and Housing Refund Schedules

Full Refund Period:

The full refund period is the eighth calendar day after the beginning of the semester. Modular courses, which begin after the first week of the semester and/or end before the final week of the semester, also have an 100 percent refund period through the eighth calendar day of the course.

Full Refund:

Students are entitled to an 100 percent refund of institutional charges and monies paid to their student accounts provided they withdraw from the course(s) before the end of the Full Refund Period.

Pro-Rata Refund:

Students who withdraw after the Full Refund Period receive a pro-rata refund of institutional charges up to and including 50% of the enrollment period. The percentage of institutional charges and financial aid retained on the student's account is equal to the percentage of the period of enrollment that was completed.

No Refund:

Students who withdraw after the end of the pro-rata refund period are **not** eligible for a refund. There shall be no refund available to the student if the student withdraws after completing more than fifty (50) percent of the enrollment period.

The Bethel Student Activity fee, course fees, science lab fees, and nursing department fees (if applicable) are refunded in full through the 100% refund period. Thereafter, there is no refund of the fees.

Students who withdraw from Bethel or drop below full-time status may incur additional tuition and housing costs for January session. Please see the "Student Costs" section or contact the Bethel Business Office for additional information.

Students with a meal plan who officially withdraw or choose to cancel their meal plan must notify Dining Services (<https://www.bethel.edu/dining-services/>) at dining-services@bethel.edu. A student may receive a prorated refund of their meal plan.

Account Questions?

More student account information is available at [bethel.edu/business-office](https://www.bethel.edu/business-office/) (<https://www.bethel.edu/business-office/>).

Contact the Business Office at 651.638.6208 (800.255.8706, ext. 6208) or business-office@bethel.edu.

Financial Aid

Financial Aid Refunds

There are four sources of financial aid: federal government (Title IV funds), state governments, Bethel University, and private third-party organizations (e.g., Dollars for Scholars). Financial aid is refunded in accordance with policies established by each entity. Refunds are first calculated for federal funds, then state funds, then Bethel and third-party funds.

Students who withdraw from all classes during the 100% tuition refund period are presumed to have not attended their classes. These students will receive a full refund of all their financial aid unless they complete a Supplemental Withdrawal Form (available in the Office of Student Life (<https://www.bethel.edu/undergrad/student-life/>)), documenting their attendance at each class. Upon receipt of the Supplemental Withdrawal Form, the federal financial aid refund policy will be calculated using the last date of class attendance as the official date of withdrawal. If students receive a full (100%) refund of tuition, they are ineligible for any state, institutional, or private sources of financial aid.

1. Federal (Return of Title IV Funds) Refund Policy. The following Title IV financial aid program are subject to the Federal Return of Title IV Funds refund calculation: Federal Pell Grant, Iraq and Afghanistan Service Grant (IASG), TEACH Grant, Federal Supplemental Educational Opportunity Grant (FSEOG), Direct Loans and Federal Perkins Loans. If a student withdraws or is expelled from Bethel after beginning classes but before completing 60 percent of their term (or period of enrollment), the school or the student may be required to return a portion of the students' Title IV aid for the semester. Students retain funds earned through the Federal Work-Study Program prior to withdrawing from Bethel.

The R2T4 calculation measures the percent of the enrollment period the student completed. This ratio (number of days attended/number of days in the enrollment period or semester) is then multiplied by the Title IV Aid that was disbursed (or could be disbursed) to determine what percent of the Title IV Aid was earned via class attendance or participation (scheduled breaks of at least five consecutive days are excluded). Students retain the *earned* portion of their Title IV Aid. The *unearned* portion of aid is subject to being returned to the government and is allocated to the Title IV program from which students received assistance in the following order: Direct Unsubsidized Loan; Direct Subsidized Loan; Direct PLUS; Federal Pell Grant; FSEOG; TEACH Grant and then IASG.

The withdrawal date is the earlier of (a) the date the student first notified Bethel of intent to withdraw, or (b) the date the student actually began the withdrawal process. College of Arts and Sciences students initiate the official withdrawal process in the Office of Student Life, where they can inform staff of their intent to withdraw, pick up the withdrawal forms, or schedule an appointment for an exit interview. Notification of intent to withdraw can be done in-person or by phone (651-638-6300). Students enrolled in Bethel Seminary, The College of Adult & Professional Studies or the Graduate School initiate the official withdrawal process with the Office of Student Success and Retention (phone 651-635-8800 or email student-success@bethel.edu).

Students who do not officially withdraw, but simply stop attending classes, are considered unofficially withdrawn for the purposes of R2T4 calculations. The withdrawal date used in the R2T4 calculation for unofficial withdrawals is (a) the last date of attendance (when available), or (b) the midpoint of the semester or period of enrollment. Students who do not successfully pass any of their courses, and do not officially withdraw, are also subject to the R2T4 calculation, unless they completed more than 60 percent of the semester (or enrollment period), as documented by their attendance in academically related activities.

Academically related activities include but are not limited to the following: physically attending a class where there is an opportunity for direct interaction between the instructor and students; submitting an academic assignment; taking an exam, completing an interactive tutorial, or participating in computer-assisted instruction; attending a study group that is assigned by the school; participating in an online discussion about academic matters, and initiating contact with a faculty member to ask a question about the academic subject studies in the course. Academically related activities do not include activities where students may be present but not academically engaged, such as: living in institutional housing, participating in the school's meal plan, logging into an online class without active participation, participating in academic counseling or advisement.

If the amount of Title IV funds earned by the student is more than the amount disbursed as of the withdrawal date, the school must disburse, or offer to disburse, the difference in a "post-withdrawal disbursement."

Within 30 days of the date the school determined a student withdrew, the school must notify the student in writing of any unearned Title IV funds the student is responsible to repay, and/or notify the student and/or parent PLUS borrower of possible post-withdrawal disbursement of loan funds. The Direct Loan borrower(s) must confirm in writing their approval of any post-withdrawal loan disbursement.

Students have 45 days to repay a grant overpayment or enter into a satisfactory repayment agreement. Students who fail to repay the overpayment after 45 days, or fail to enter into a satisfactory repayment agreement, will be reported to the National Student Loan Data System (NSLDS) by the school and referred to the U.S. Department of Education's Borrower Services-Collections.

Bethel also has 45 days from the date it determined the student withdrew to return its share of unearned funds and make any post-withdrawal grant disbursement. Title IV funds are returned to the program in the following order: Unsubsidized Direct Loans, Subsidized Direct Loans, Direct PLUS Loans,

Federal Pell Grants, Federal Supplemental Education Opportunity Grant (FSEPG), Federal TEACH Grant, Iraq and Afghanistan Service Grant (IASG).

2. Minnesota Office of Higher Education (OHE) Financial Aid Refund Policy. Bethel is required to use the OHE financial aid refund policy when calculating refunds for the Minnesota Public Safety Officer’s Survivor Grant Program, Minnesota GI Bill, Minnesota State Grants, and Minnesota SELF loans. After applying Bethel’s “billing refunds” and the “Return of Title IV Funds” refund calculations to the student’s account, a proportionate share of the state aid is refunded. Students who withdraw during a 100% tuition refund period are not eligible for any Minnesota state financial aid. Students retain funds earned through the Minnesota State Work Study Program prior to withdrawing from Bethel.

3. Financial Aid Refunds for Institutional and Third-Party Funds. After calculating the federal and Minnesota financial aid refund policies, Bethel reduces institutional and third-party sources of gift aid using the Tuition and Housing Refund Schedule. Institutional and third-party gift aid is reduced by the same percent as the student’s tuition was reduced. Private educational loans are first used to pay any remaining balance on the student’s account. If, after all refund calculations, there is a credit on the student’s account, a portion of the private loan may be refunded to the lender.

4. Sample refund calculation. Because there are several different refund policies involved in most withdrawals, students may still owe money to the school after all calculations are completed. Students considering withdrawal are encouraged to visit a financial aid counselor and simulate the financial effect of withdrawing before officially withdrawing from the university.

Suppose a student is enrolled full time and withdraws from all classes on the 12th day of a 105-day semester. The student lived on campus and had a meal plan. Sample charges and financial aid are listed in the “original” columns below. After applying all the refund calculations, this student will owe \$2,946.

Financial Aid

- BUILD is a Comprehensive Transition and Postsecondary Program which means that students in the BUILD program are eligible for Financial Aid in the form of the Pell Grant, Minnesota State Grant, and Minnesota Intellectual Disability Grant. To apply for aid, families must complete a FAFSA.
- BUILD has endowed scholarship funds that are renewable and awarded annually based on need. Half of each annual award will be credited to the student's account each semester.
- Students are considered for these scholarships based on specific scholarship requirements and do not need to complete a separate application outside of the application to BUILD and the FAFSA.
- Additional information regarding Private Scholarships can be found on Financial Aid's Website.
