

The total cost of the BUILD program matches the cost of typical college expenses at Bethel University and includes the annual cost for all BUILD core courses and support fees, which are designed to meet students' needs related to their disability as well as fees that in are in place for all students living on campus including room, meal plan, and activity fees. Costs do not include textbooks (as they are optional for students in BUILD), materials or other course-required expenses. Parking permits are available for an additional fee if approved for a parking permit appeal. The direct cost to students/families for courses and supports could be lessened through funding sources often available to students with intellectual disabilities such as Medicaid waivers through DD waiver funding under the Consumer-directed community supports (CDCS) option, Federal Pell Grant, MN State Grant, MN Intellectual Disabilities Grant, Vocational Rehabilitation Services (VRS), and scholarships.

More information about BUILD Financial Aid including options, processes, and deadlines can be found at: <https://www.bethel.edu/undergrad/financial-aid/overview-build-2425>

Courses and Fees Eligible for Waivers or *Vocational Rehabilitation Services (VRS): The following courses and Supports may be billable under Medicaid waivers if approved as part of student's Community Support Plan (CSP) or employment plan:
