

## Bethel University 2023-24 All Year Student Enrollment

Stef Holm, Institutional Data & Research Senior Lead

March 19, 2025

### Enrollment:

A total of 4,357 unduplicated students registered for classes at Bethel University during the 2023-24 academic year (fall 2023 through summer 2024), a decrease in enrollment of 3.9% from the prior year's enrollment. The decrease was due to decreases in enrollment experienced by the College of Adult and Professional Studies (CAPS, down 16.2%), the Graduate School (GS, down 8.1%), and the St. Paul seminary (BSSP, down 8.2%). In contrast, the College of Arts and Sciences (CAS, up 1.5%) experienced an increase in enrollment due to the expanded PSEO program.

College in the Schools (CIS) enrollment has fluctuated between 147 and 185 over the last 8 years and increased to 388 during the 2021-22 academic year. During the 2022-23 academic year, CIS enrollment experienced a decrease to 346 (-10.8%). The 2023-24 academic year saw an increase of CIS enrollment to 411 (18.8%). Given that these students are not a part of the CAS population (they are taught by high school teachers in high schools for Bethel credit), they continue to be reported separately from CAS enrollment figures.

Forty-one students were enrolled in more than one school, as follows. These students could be enrolled concurrently in more than one school (e.g. “dual enrollment”) or sequentially (e.g. finish an undergraduate degree in the fall, and continue to graduate school in the spring).

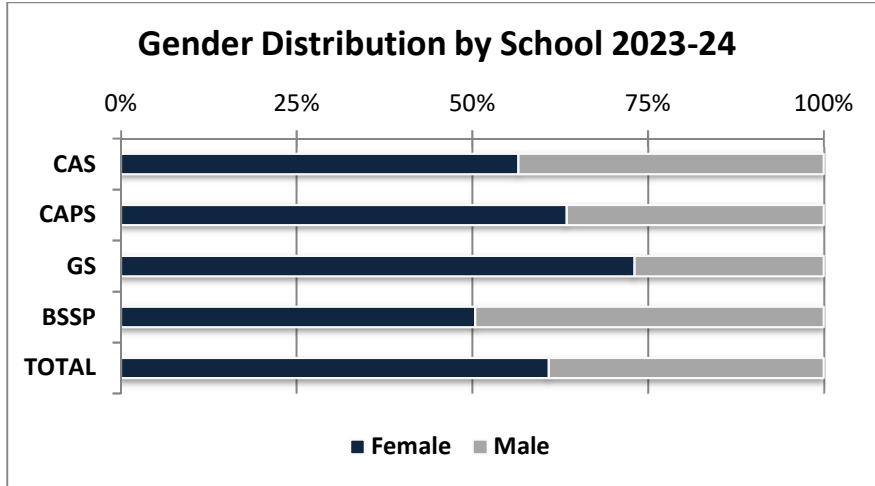

- 8 students in CAPS and GS
- 21 students in CAS and CAPS
- 9 students in CAS and GS
- 3 students in CAS, BSSP

Total duplicated enrollment at Bethel University for 2023-24 was 4,398. (This counts each student once for each school in which they were enrolled).

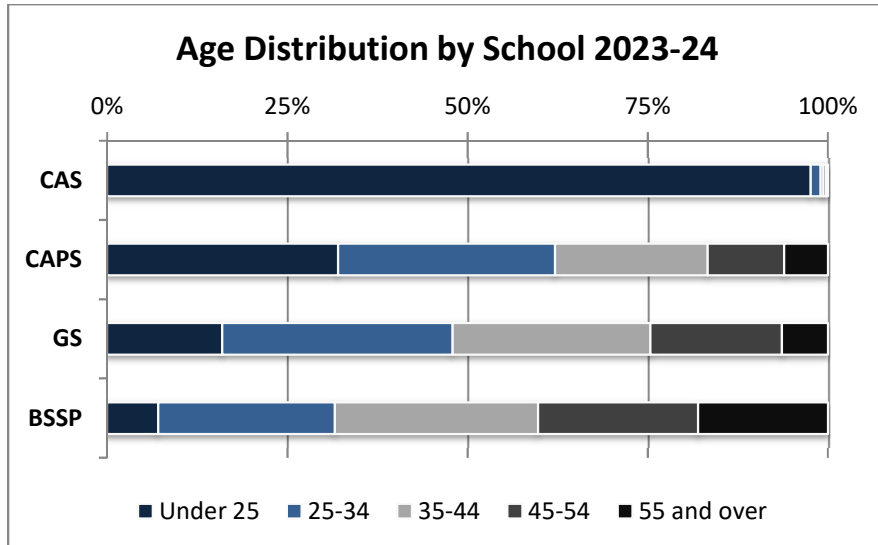

**Gender:**

Gender balance for 2023-24 was 60.8% female, down slightly from the 62.3% female the year before. While CAS showed a decrease from 58.8% to 56.5%, in female enrollment, CAPS showed a smaller decrease in the percentage of enrolled females from 65.3% to 63.4%. In contrast, BSSP displayed an increase in enrolled females from 49.6% to 50.4%, as did GS from 72.3% to 73.1%.

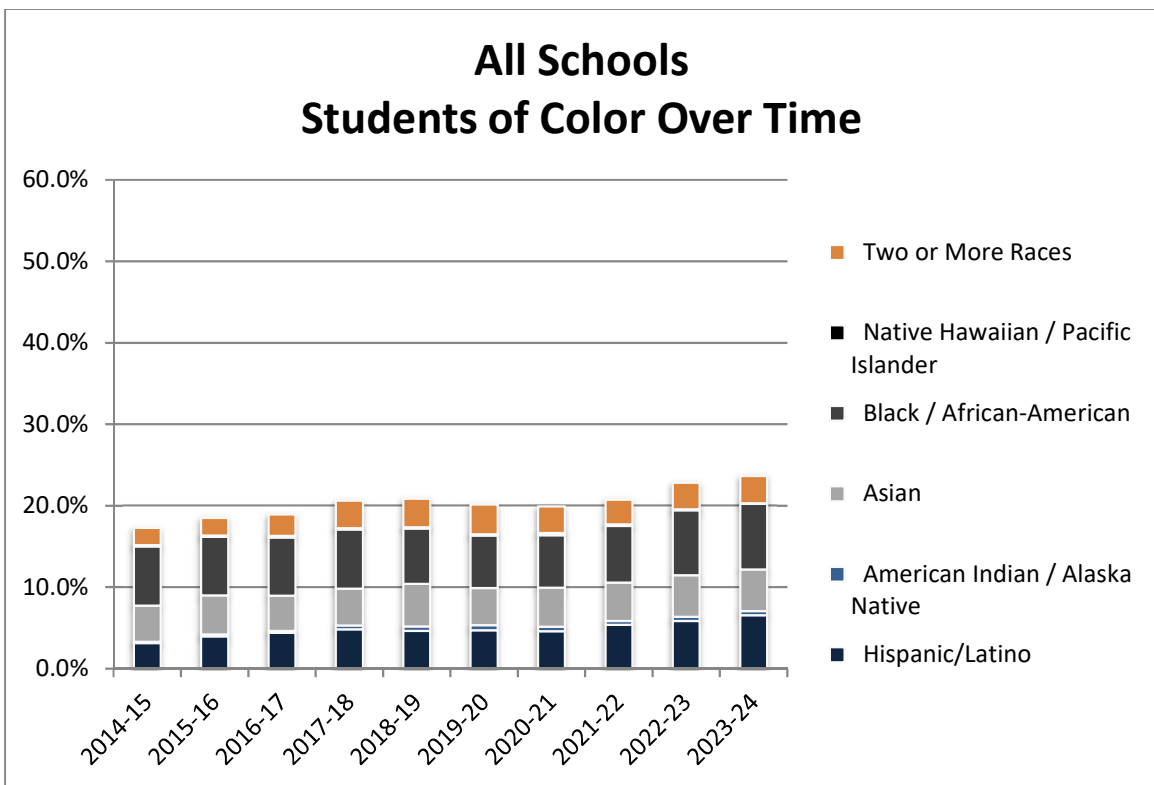

**Age:**

With the increase in PSEO student enrollment, the CAS median age dropped from 20 to 19, with 97.6% of students aged under 25. Median ages for the remainder of the schools are in the 30's and early 40's. At a median age of 29 (down from 30 in the previous year), CAPS remained the site with the youngest population after CAS.

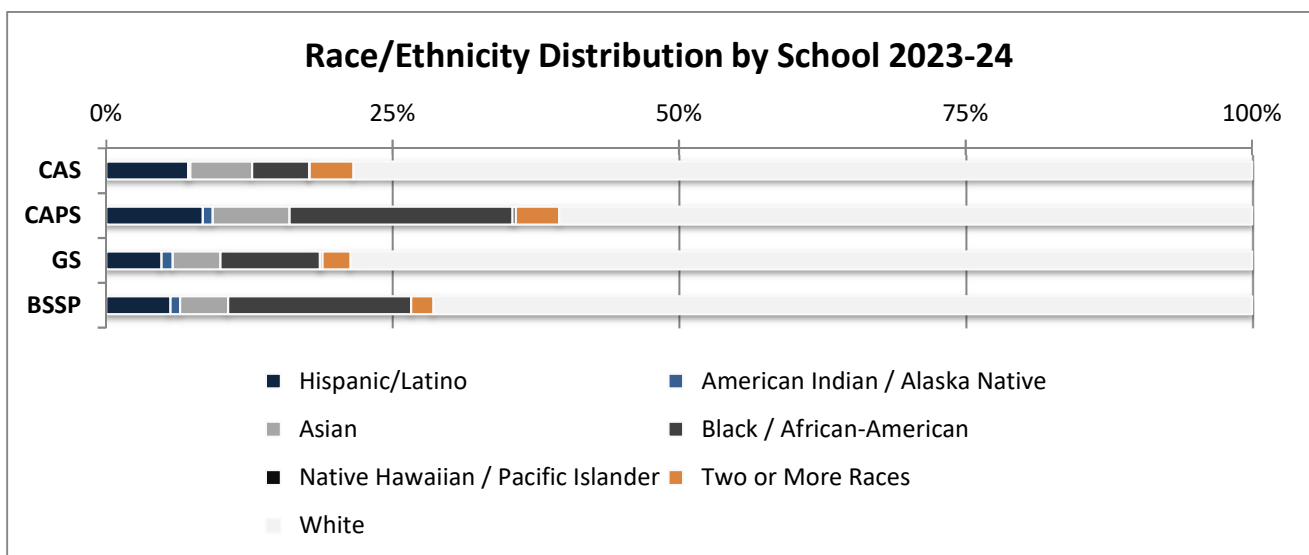

## Race/Ethnicity:

The percent of students of color at all Bethel schools increased from 20.7% in 2021-22, 22.8% in 2022-23, to 23.7% of students with a known race/ethnicity (excluding non-resident aliens) in 2023-24.

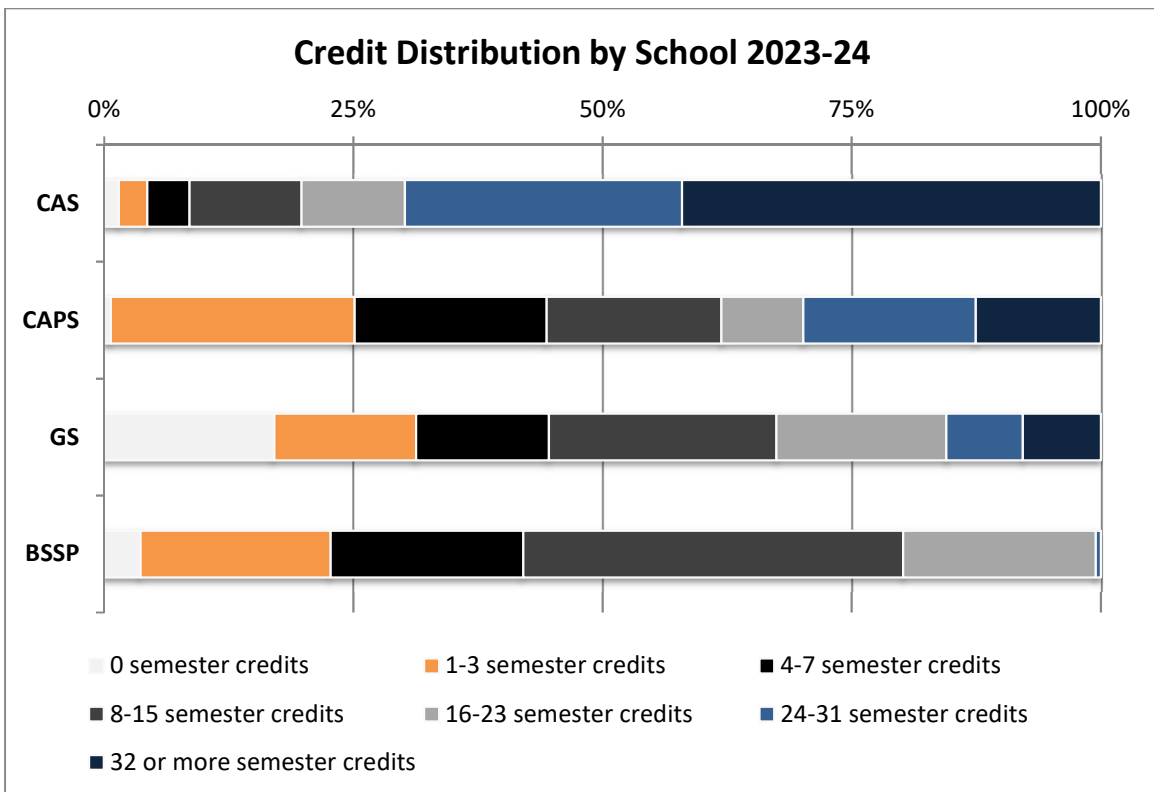

The overall increase in racial and ethnic diversity at the university (excluding non-resident aliens) was driven by increases in CAPS (up from 34.9% to 39.5%), GS (up from 19.7% to 21.3%) and the Seminary (up from 26.3% to 28.6%). CAS diversity remained stable moving from 21.5% to 21.6%.

## Credit Levels:

Total registered credits for the entire university fell 4% from the prior year. CAS experienced a 3% decrease in credits. CAPS experienced an almost 10% decrease in credits after experiencing a 27% decrease in credits the previous year. GS experienced a 3% decrease in credits and BSSP's overall registered credits were nearly 16% lower than the previous year. The decrease in credits in CAPS, GS and Seminary were due to lower overall enrollment. While enrollment slightly increased in CAS, a large number of part-time PSEO students were the reason for the increase in enrollment and decrease in overall credits.

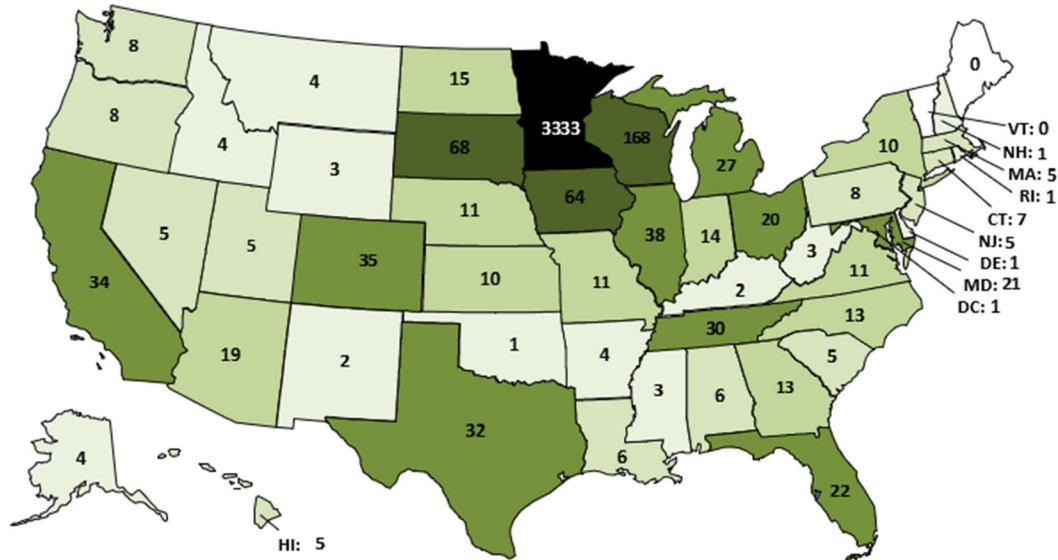

Please note that zero credit students are most often SMEP (music) students in CAS and either master's thesis or doctoral dissertation continuation students in GS and BSSP.

## State and Country:

In 2023-24, Bethel University enrolled students from 48 states and 29 foreign countries. The state with the largest contingent of Bethel students continued to be Minnesota (78.5% of all enrollment), followed by Wisconsin (4.0%), South Dakota (1.6%), Iowa (1.5%), Illinois (0.9%), California (0.8%), Colorado (0.8%), and Texas (0.8%).

The Left-hand (Visa) columns indicate students who are not US citizens and have visas to be in the US for a temporary time period (includes Visa statuses of F-1, B-2, J-2, etc.)

The Right-hand (Other) columns indicate students who are not US citizens but are permanent residents, presumed permanent residents, or other eligible non-citizens (such as refugees). This column also includes US citizens who have a foreign address (this would include many M.K.'s)
